

In addition to these ministry broadcasts on TLN's own stations, the Total Living Network expanded its program distribution to 90% of African countries in 2020 through a partnership with Dominion TV, a Christian lifestyle network. In addition to households reached via broadcast, cable television, satellite and our live IP streams (www.tln.com/watch-live), we saw over 60% increase in viewers to our IP platforms around the world (ROKU, AmazonFireTV, AndroidTV and Google TV)! TLN's inspirational programming also continues to reach Central Europe through our relationship with ALFA-OMEGA TV.

TLN's **CareForce** Prayer ministry received countless messages as viewers reached out during times of discouragement, confusion, fear, illness and need. TLN was there! It is a privilege to join together as believers to lift up every request to Jehovah-jireh – the God who provides.

In August, we invited viewers and partners to join with us in intercessory prayer with a new message every Friday for:

- An end to the violence and confusion in our nation
- Protection and welfare for children
- An end to COVID-19 and its impact
- Those areas in your life where YOU need an answer
- And for a need of at least one person you know

We believe that God answers prayer and the need to pray together as a unified body of Christ has never been greater!

And – because of your faithful support – TLN was named the **2020 Television Station of the Year** by the National Religious Broadcasters Association! The NRB's annual Media Awards program encourages excellence in production, service to the community, faithfulness, commitment to the mission and personal integrity.

All this – **TOGETHER** – with you as our valued partner.

**Merry Christmas to you and your family
and may the new year bring joy, peace and blessings!**

Your Gifts Keep Giving

"A generous person will prosper; whoever refreshes others will be refreshed."

Proverbs 11:25

"In the fall of 2014, TLN became a client of our Master Control broadcasting facility. That began a process for me, where TLN became a daily reminder that God is real. TLN and joining a church became my salvation story, and I gave my life to Christ on May 27, 2015. I believe in the power of broadcasting to deliver the Good News of Jesus – it can impact people's lives like it did for me."
