Organisation Internationale Pour le Développement Du Bas Nord-Ouest d'Haïti / O.I.D.B.N.O.H

We are nationals of the Lower Nord living outside of Haiti. We are in more than 3 countries. We organize ourselves to be able to improve the living conditions of our department forgotten by the state authorities. What makes O.I.D.B.N.O.H successful is our leadership and our sense of contribution and dialogue. The organization contains only visionaries each capable of defending their points of view and the interests of the organization. At O.I.D.B.N.O.H decisions are taken by vote. It is the decision of the greatest number that will be considered. We have rules of procedure which define the attitudes to be adopted by the members and how to become a member of this structure. One of our objectives is to satisfy our farmers, our donors, our collaborators and to satisfy ourselves too.

The O.I.D.B.N.O.H is developing a future plan to:

- a) *Stimulate long-term thinking and clarify the direction to take in the future*
- b) *Train the members and the community of the lower Nord-Ouest to properly manage the organization*
- c) *Improve the adherence of its members to decision-making*
- d) *Tackle the major problems of the organization*
- e) *Adapt to changes in one's environment*
- f) *Better meet the demand of others, especially donors*

Today we are in the construction of ideas, the search for donors and in the contribution of our earnings to be able to act as quickly as possible. Today we are looking for willing partners to help us realize the plan of the Organization. We are also currently working with the population of the lower Nord-Ouest to raise their awareness to actively participate in the construction of this paradise on earth. One of our missions is citizen participation in the execution of projects.

Currently O.I.D.B.N.O.H has more than 100 members, every day we share ideas, all members are very active in the development of projects.
