- Adding and subtracting up to 1,000
- Understanding equal parts of a whole
- Understanding place value
- Solving word problems involving addition and subtraction

Reading

- Retelling fiction and nonfiction
- Describing Character
- Central Idea and supporting details

Writing

- Foundations/ spelling
- Writing in complete sentences
- Responding to literature
- Writing fiction and nonfiction
- Grammar

May and June Curriculum

- Please monitor your child's homework.
- Make sure your child read for 30 minutes every night, and completes all their homework.
- We will be working on end of year assessments:
- I-ready reading and Math
- HMH assessments
- Math assessments modules 5, 6, and 7.
- Play math card games with your child to reinforce addition, subtraction, multiplication, as well as division facts.
- Parents in math ,encourage your child to count with their fingers or use objects to figure out the answer.

Tips for preventing the Summer Slide

[Click for link: Free Summer Enrichment](#)

- Read daily- library, environmental print
- Talk about reading- character feelings/ traits/ changes
- Family conversations to promote language and vocabulary development

- Practice math facts/fluency. Look for patterns and numbers in the world
- Math conversations in daily life

- Healthy habits for eating and sleeping
- Play outside and have experiences

Swimming Information

- Please have your child come to school with their bathing suit under their clothes.
- If possible, please buy a swim cap that your child can put on independently and fits well.
- Have them bring sweatpants or loose pants to wear after swimming.
- Please practice changing in and out of a bathing suit independently at home with your child.
