***BE TRAINED IN AS LITTLE AS 5 WEEKS!  
BECOME A CERTIFIED NURSE ASSISTANT***

---

**WHY BECOME A CERTIFIED NURSE ASSISTANT?**

In as little as 5 weeks you can be starting a career in one of the fastest growing professions of our time. With the growth in the number of baby boomers aging, the need for professionals within the healthcare industry is quickly expanding.

**WHAT DO NURSE ASSISTANTS DO?**

There are plenty of ***GOOD REASONS to consider becoming a CNA.*** It's the fastest way to become a professional member of the healthcare team; no college is required. You can complete a CNA training program in 5 weeks and start your new profession immediately.

Most CNA's work in a hospital, skilled nursing facility, or a home health agency providing personal care for patients under the supervision of a Registered Nurse (RN).

CNA salaries can range anywhere from \$20,500 to over \$36,000 annually. **For full-time employees, benefits such as paid vacation and holidays, medical insurance, and other expenses paid by the employer increase the total value by 25%.** This means a CNA earning \$26,000 a year receives an additional \$6,500 of benefits. **Total salary package could be: \$32,500.**

**HOW WILL I FIND A JOB?**

H&R HealthCare School offers Career Placement assistance to those students that have passed the state exam. Career fairs and one on one placement assistance is offered to all H&R HealthCare School graduates.

### NATP PROGRAM DETAILS

**COST: \$1500**

The CNA Training Program (NATP) is designed to provide the student with the knowledge and skills necessary to perform basic care services for a patient (acute care setting) or resident (long-term care setting). It prepares the student to function in the role of nursing assistant under the supervision of a registered nurse (RN) or licensed practical nurse (LPN).

This course is designed to meet the curriculum requirements of the California Department of Public Health (CDPH). The basic nursing assistant proficiency examination is the State-approved competency evaluation, with both written and manual skills components.

The course requires the student to complete 60 hours of classroom lecture, perform 100 hours in a clinical setting, and successfully demonstrate 21 manual patient/resident care skills. Satisfactory completion of the course provides eligibility to take the CDPH established competency written examination for State Certification as a Certified Nursing Assistant.
