

FOR IMMEDIATE RELEASE

PATRIOT FREEDOM PAC LAUNCHES GOTV FOR SARAH PALIN AND KELLY TSHIBAKA

September 30, 2022, Anchorage, AK – Patriot Freedom PAC announces the launch of their Get-Out-The-Vote campaign and rally in Anchorage, Alaska in support of Trump-endorsed candidates Sarah Palin, running for Congress, and Kelly Tshibaka, running for U.S. Senate.

In October, Patriot Freedom PAC will spend close to \$400,000 on their Get-Out-The-Vote effort, flying in 20 paid canvassers of all backgrounds from across the country, walking door-to-door, distributing throughout Anchorage campaign literature, and pallets of 20,000 light saber swords branded with Kelly Tshibaka's name; a convenient play on words of the Star Wars character, 'Chewbacca,' that even the Tshibaka family embraces. In fact, Kelly Tshibaka's first son's name is 'Jedi.'

Patriot Freedom PAC is encouraged by Kelly Tshibaka's ambition to finally force Lisa Murkowski into retirement. For decades, the Murkowski family has had an unrelenting stranglehold on political power in Alaska. Like Darth Vader, who inherited his power from his father, and lost his way due to pure corruption and greed, Lisa Murkowski inherited *her* seat from her father, Frank H. Murkowski, former Governor of Alaska.

"It's incumbent upon all of us to crack down on unchecked abuses of political power in Congress, and not perpetuate these brazen abuses in future election cycles. It's time to finally put an end to the Murkowski dynasty." said Errol Webber, cinematographer of the Oscar-winning documentary, *Music By Prudence*, and Digital Director for Patriot Freedom PAC.

"Alaskans are already reeling from the effects of Biden's decision to end oil drilling on Federal lands, severely impacting Alaska's economy, and sending the cost of necessities such as heating oil spiraling more than 600%! To further complicate things, Alaska's climate lobby continues their push to end activities such as salmon-fishing, and even burning firewood. On the local level, more than 10,000 Alaskan children remain deprived of a quality education because of school bus shortages in metropolitan and rural Alaska." said Michael Alfaro, Senior Advisor to Patriot Freedom PAC.

Alaska contends with quality-of-life issues such as homelessness and drug abuse, particularly attributed to overmedication. It doesn't help that seeking comprehensive medical care is most often only accessible via Medevac, which has proven costly and unrealistic. Former governor, and vice-presidential candidate, Sarah Palin, commands attention to these most pressing issues facing Alaskans. As a concerned mother herself, she saw the need to step up and represent Alaskan families on the Congressional level, for immediate relief.

On Sunday, October 9, from 4-6pm, the Patriot Freedom PAC will host a FREE, family-friendly Get-Out-The-Vote Rally – complete with a mechanical bull and bouncy house – at the Dena'ina Civic & Convention Center in Anchorage, Alaska. Actor, Tony Wilson ['Young James Brown' movie] will be performing. Congressional candidate, Sarah Palin, and Sheriff David Clarke are confirmed as speakers. The Kelly Tshibaka campaign has been invited. We look forward to her attending.

Voting in Anchorage, Alaska begins October 24, 2022 and continues through November 8, 2022.
