The **Bloodhound** is a large, friendly, independent, and inquisitive breed. The Bloodhound is a large scent-hound, originally bred for hunting deer, wild boar and, since the Middle Ages, for tracking people. This breed is gentle and is tireless when following a scent. Because of its strong tracking instinct, it can be willful and somewhat difficult to obedience train and handle on a leash. Bloodhounds have an affectionate and even-tempered nature with humans, making them excellent family pets.
