

Redesigned Classrooms, Exciting New Programming for Sunday School Kids This Fall

July 24, 2012

Did your kids meet Moses the Puppet last year? Can they recite *The 10 Commandments* or *The Lord's Prayer*? Sunday School begins with a Rally Day on 9 September — and the Advent Education Committee has been busy this summer restocking the glitter glue and restyling the classrooms!

Bring your kids and grandkids for Bible stories, music, crafts, and more as they learn about their role as Christians in the Advent community and world beyond. Preschoolers through elementary classes meet from 9:00 to 9:45; confirmation kids meet during the service. Use the form below to e-mail Education Committee Chair JeanMarie Rodriguez with questions or if you are interested in teaching the older elementary school class.
