Attach pages with additional children, marriages, info, memories of ancestors, explanations, stories, additional children, etc. This is for our private, confidential genealogy database. It enables us to send your family lineage reports to you upon request. Data for living descendants is never published or shared publicly

Living people data is entered into the genealogy DB but is hidden from the public.

Deceased people data is public information, so is visible when someone logs into the db.

We welcome stories, memories, as we try to build the stories of our ancestors for our future generations
