**Dear CityServe Team,**

On behalf of the Dakota Tipi First Nation Health Department (Dakota Wicozani Tipi), we would like to extend our sincere appreciation for your generous support through the Amazon Donation Program.

Your donation will directly enhance our community health initiatives by providing valuable resources for individuals, families, Elders, and our wellness programs. These supplies will help us respond to a wide range of community needs while supporting the physical, emotional, mental, and social well-being of our members.

Your generosity demonstrates a genuine commitment to building healthier, stronger communities. Every item donated helps us provide meaningful support and compassionate care to those we serve, making a lasting difference in the lives of our community members.

We are grateful for your partnership and your investment in the health and wellness of Dakota Tipi First Nation. Your kindness and generosity will have a positive impact well beyond the distribution of these donations.

Thank you once again for your support and for standing with Dakota Tipi First Nation.

With sincere gratitude,

**Scott Thorsteinson** MSW,RSW,CFNHM  
Assistant Health Director  
Dakota Wicozani Tipi Inc.
