RE: VACANT COMMISSIONER POSITION ANNOUNCEMENT:

District 6 is seeking applicants to fill a vacant Fire Commissioner position (<https://app.leg.wa.gov/RCW/default.aspx?cite=42.12.030>) as the result of a Commissioner resignation. Interested parties are asked to submit letters of intent to Lewis County Fire District 6 Secretary McKenzie Hctor. Applicants should explain what qualifications, expertise, and knowledge they would bring to the Commissioner position and why the applicant is interested in filling the vacancy. Potential candidates must reside within Fire District 6 boundaries. The selected applicant will serve the balance of the unexpired Commissioner term. Additional information about the role of a fire commissioner can be found in the Washington State Fire Commissioners 'Commissioner Handbook'.

Current Commissioners will review submissions and make a selection through consensus. Should the remaining Commissioners be unable to provide consensus within the time frame, the Lewis County Board of Commissioners will make an appointment to the vacated position.

Letters will be received until the position is filled.
