

# Securely run and grow your business with Microsoft 365 Business

Microsoft 365 Business is an integrated solution, bringing together the best-in-class productivity of Office 365 with advanced security and device management capabilities to help you safeguard your business data.

## Get more done

Get the Office apps with built-in AI tools and online file storage and sharing

## Work better together

Collaborate, share, and communicate, with flexible tools that go where your team goes

## Build your business

Get more customers and improve the efficiency of your business operations

## Safeguard your data

Help protect your company against external threats and leaks with built-in privacy and compliance tools

## Simplified for you

Easily set up and manage users, devices, and data, so you have more time to focus on your business

## Your Microsoft 365 Business subscription includes:

### Office apps

Get the Office apps (Word, Excel, Outlook, PowerPoint and OneNote) installed across PCs, Macs, tablets and mobile devices.

### Email and calendaring

Use business-class email through an Outlook experience you can access from your desktop or from a web browser.

### File storage and sharing

Manage your files from anywhere with 1TB of storage.

### Data protection controls

Protect your business data on personal and company-owned devices

### Cyberthreat protection

Guard against unsafe attachments, suspicious links, and other malware

### Administration and deployment

Manage new PCs and devices faster and more easily than ever.

### Dependability and support

Get a 99.9% financially-backed uptime guarantee and 24x7 online and phone support.
