Your dog/pup will be assessed at first session. A harness/collar will be recommended with an explanation for the specific type.

Rachael will demonstrate as well as work with you and your dog/pup during the classes. You will be asked to follow up at home, the skills learned in the sessions. For the best results, commit time each day to practice what was learned in that week's session.

All classes to start promptly at 6PM. Please arrive 10-15 minutes early. This time allows your dog/pup to settle in and maximize their learning experience.
