To Whom It May Concern:

I had the pleasure of working with Erin Moussa from 2010-2015. As the principal at Morris Central School, I was her direct supervisor. During that time period, Erin taught 2nd grade.

Erin demonstrated her knowledge of students and student learning in her planning. She designed lessons that included a variety of instructional strategies in an effort to support and engage all students. Through formative assessment, Erin was able to adjust the pace of instruction, focus of instruction, and the strategies used to maximize the learning experience. Erin's classroom was built around the idea of mutual respect; she genuinely cared about her students as individuals. Her classroom management procedures were well established and efficient.

Erin was a reflective practitioner often researching ways to strengthen her instruction and enhance the learning experience for her students. As a colleague, she was a team player and worked collaboratively with others.

Erin Moussa has demonstrated a strong work ethic and dedication to helping students achieve and grow. I would not hesitate to hire Erin as a substitute teacher. Her knowledge base and experience make her an asset. Please feel free to contact me with any further questions you may have.

Sincerely,
Katharine J. Smith
