All matches must be completed within one week of the last regularly scheduled week of play. Any team that does not complete all of their matches will forfeit any prize money earned.

End of league celebrations will be offered by division and on the normal night of play after all matches are completed. The location of the first place team will be given the first opportunity to host the party. Players must be present to receive their prize money.

No player is allowed to accept or solicit gratuities from any location. This includes, but is not limited to, payment of entry fees, match fees.

Be prepared to throw when it's your turn; do not delay the match for any reason. No lunging or crossing of the throw line is allowed. Both team captains are to be responsible for monitoring this during the match. The first offense should be given a warning; the second and every offense thereafter will be considered a foul and the score of the offending dart will be manually removed using the software of the dart board being used.

If the division is operated on the Arachnid Galaxy 3. The match may be played remotely, provided that both captains agree and an appropriate board is available in both locations. As well, cell and/or bar phone communication must be readily available to both teams. Sportsmanship is expected for all video and or text play & communication. Both home and away matches must be played remotely if this option is being used.

When looking at formats, players should always be highest to lowest rating when considering who will be players 1 thru 4. Home team should go first for the first game. Thereafter the losing team goes first throughout the match.

Thank you for your participation.
