

## Accessibility Independence

We are a community partner working with like-minded local neighborhood members to give EVERYONE a chance to continue Living Independently in their Own Homes.

## Who We Are! What We DO!!

**FL Cares** is a 100% volunteer driven charitable nonprofit organization defined under I.R.S. Tax Code Section 501(c)(3).

Our volunteers may include friends, family, neighbors, or from dozens of groups like churches, businesses, civic organizations, plus the many with a **HEART** and **Desire** and **Wish** to give back to the **Community.**

## Come Volunteer! DO IT!

## Easier, Better, Safer, Functional

FL Cares Access Projects are Building Code Compliant and meet or exceed the ADA  Accessibility Code Requirements (*Americans with Disabilities Act*). **Access = Confidence**

## Build in a Single Day

All projects are built in a single day  (weather permitting) and are designed for safety, function, and easy maintenance.

Many groups complete projects in just a few hours. Projects are designed as a self-supporting free-standing / stand-alone unit that gains strength from all connected members. **READY to Volunteer? Call Us**

# “FL Cares Builds Access for EVERYONE’s Ability”

## It’s What We DO!!

### We NEED YOU!

Volunteers are Always Welcome!

Come out and Volunteer!

It’s Good for **Mind, Body, Soul** and **PROVEN** to Be **HEART HEALTHY!**

### We Need Your HELP!!!

Please refer ANYONE who would benefit from better, safer, more functional home accessibility. **CALL US! Just DO IT Now!**

**HINT: that can & should be EVERYONE!!**

### Let’s Build Access Today!

### A home should be a castle

Not a dungeon or a prison keeping anyone inside. Become a part of the **SOLUTION!**

Help to Build Brighter Futures through Home Access. **Volunteer, Donate, LET’s DO IT!**
