Denver Heart Ball

The Denver Heart Ball is the must attend social event where guests are treated to a night out on the town with an inspiring program, delicious food and drinks, premier auction, and world-class entertainment. Through the Heart of Denver Heart Ball campaign, we celebrate our collective success in driving change, funding science, and improving the lives of residents all over Colorado.

MAY

Denver Go Red for Women® Luncheon

United by the passion to end heart disease and stroke in women, tens of thousands of women gather for Go Red for Women luncheons across the country each year. The Denver Go Red for Women luncheon is a unique event led by local leaders that aims to raise awareness about the dangers of heart disease and stroke. Featuring inspiration, education, and community among women, the Go Red for Women luncheon is a powerful and moving experience.

JUNE

Denver Heart Walk

Walk your heart out! The Heart Walk is the American Heart Association's premier event for raising funds to save lives from this country's No. 1 and No. 5 killers - heart disease and stroke. Don't go at it alone! Create a team with your friends and family and join us for a 5K walk, health expo, and more while raising lifesaving funds that will make a difference in the lives right here in Colorado.

SEPTEMBER

Denver CycleNation

CycleNation is a movement empowering people to be healthy while funding vital research to eradicate stroke and heart disease. CycleNation brings together the Denver community for a high-energy block party style event on stationary bikes. With each push of the pedal, we are saving lives. Together, we're cycling towards solving brain and heart health and having fun while doing it!

FALL

Denver STEM Goes Red

STEM Goes Red brings careers in science, technology, engineering, and mathematics to life for high school students. STEM Goes Red attendees gain firsthand experience, connect with inspiring professionals, and learn about jobs across STEM fields. Students can walk away feeling like a whole new world of STEM has been revealed — a world in which they can truly love what they do and make a tremendous impact.
