Residents ONLY

Here is what we propose for 2023

1. No city-wide "Cleanup Day ~~2023~~" for bulky items
2. Nisly keeps one 6-yd trash container available for residents to use each week
3. City coordinates the schedule
4. Monday – Email requests to Nisly for Wednesday delivery
5. Wednesday – Nisly removes full container, dumps and delivers to another resident
6. Repeat weekly.

Similarities of City-wide Clean up day and the Reserve-A-Dumpster programs

- Encourage citizens to keep City clean
- No charge to City or resident
- Same materials and prohibitions
- Public goodwill

Advantages of dumpster program

- If a resident needs encouragement to clean up – recommend a dumpster
- Available all year long
- Nisly pays for disposal, not City
- Trash is in a container, not on the ground
- Less problem with scavengers scattering trash
- Residents reserve a dumpster for the week that works for them

Disadvantages of Reserve-A-Dumpster

Limited availability each week

Some administration effort to schedule and coordinate delivery of containers
