

Walled Lake Central Women's Tennis

Team Rules and Expectations

Welcome to Walled Lake Central Women's Tennis!!!

Coach Contact: Coach Darby O'Reilly, cell phone at 248-885-2088, email at darby.oreilly@gmail.com

1. **Effort:** In tennis and life, what you get out of it depends on what you put into it. Players should set goals for themselves and give their best effort during practice and matches. A player not giving their full effort is compromising the team and themselves. Pay attention and work hard at practice and in matches.
2. **Respect:** You are now part of a team. You are expected to treat coaches, one another, and opponents with respect. Have fun, but be polite, courteous, and respectful. Use of foul language will not be tolerated. Immediate consequences will include laps, pushups, etc. Repeat offenders will be suspended from the team. Anyone overhearing foul language by another WLC player is obligated to object immediately. Just say: "Watch your language. That is not who we are!"
3. **Compliance:** Athletes are expected to abide by the law and the WLC Student Code of Conduct. Your behavior must also comply with the terms specified in the Walled Lake Student and Athletic Code of Conduct.
4. **Integrity:** Tennis is a game of honor. You will make your own line calls. Call a ball out only if you are sure. If you and your partner disagree on a call, the call will be made to benefit your opponent. Coach Darby will reverse improper calls by WLC players during practices and matches.
5. **Assertive:** Some opponents will insist your call was incorrect. If you are confident of your call, stand your ground. We will not be intimidated into giving up points. Conversely, if your opponent is making bad calls, ask: "Are you sure?" After three bad calls, ask for a line judge. Be honorable but assertive.
6. **Attendance:** Varsity members must attend ALL practices, matches, and tournaments. Unless excused prior to the start of play, varsity players shall stay on premises until a match, or tournament is complete, and awards have been distributed. Players who miss practice without a valid excuse will not play in the next contest. Non-essential appointments during the season should be rescheduled (March 13-May 20). If a team member cannot make a team function contact Coach Darby via phone, or text in advance.

7. **Player Rank/Position:** Players will be ranked in order of skill based on *mini tournaments*. High school tennis rules state the best player on the team must play 1 Singles. The 2nd, 3rd, and 4th player are not required to play Singles. All team members other than 1 Singles shall play in the position (Singles or Doubles) that the coaching staff determines. Doubles partners will be determined by coaching staff. However, player input will be considered.

I, the student-athlete, and parent/guardian, have read the rules and expectations. I agree to follow these rules and expectations and understand failure to do so may lead to removal from the team.

This form must be signed and turned in prior to student practicing or playing.
