Please remember to support those that support grass roots racing!

- Each rider will have several heat races.

- Heat races are scored with points, highest points earning spots into semis and then to main events.

- Main events can/ may be 6 – 8 riders in 2 rows, 10 laps.

- If there is a tie in points to get to semis, tie breaker can be determined by count back, most wins, or race off.

- Main event start positions determined by highest points earned, finishing positions getting 1st choice, etc.

- Pro Hooligan Dash for cash will be run Saturday with the top 5 riders in points. I will do a 50/50 and accept sponsors, with all monies raised going to the winner.

Race Classes #5-8 are 1,2,3rd place trophy classes, running Friday and Saturday.

- Rider count in each race can be more than the "elite" classes #1-4, while keeping it at a safe number.

- Races will be run same format as "elite" classes above.

I want to make sure the event is run as fair and open as possible. If you have any questions or concerns, please do not hesitate to reach out to me before, or at the track. We can change or adapt to almost anything if needed, to have a safe, exciting and successful show.

For me, if it aint fun...it aint worth it.
