

Precautionary measures applying to UN Port

22 June 2020

Welcome to UN Port! We hope you enjoy your stay here. We kindly ask you to take note of the following:

- Please observe 1.5 metres of social distancing.
- Bottles of disinfectant are available at the entrance and other points. Please disinfect your hands on entry.
- The toilets are cleaned at frequent intervals.
- In the restaurant, tables are at least 1.5 metres from each other.
- Restaurant guests are invited to leave their contact details to enable contact tracing.
- UN Port overall is subject to capacity restrictions to ensure social distancing, which are nevertheless quite generous given the space available. However, once capacity is reached, entry is on a one-in, one-out basis. Please bear with us during these times. During busy periods, members will have priority over those paying entry fees.

Thank you for your kind cooperation and we hope you enjoy your stay.
