

Hilton Garden Inn-Atlanta

Located in Marietta, GA, Hilton Garden Inn-Atlanta is a 3-floor hotel with 123 guest rooms, an event center, and a conference room continually serving events and travelers year-round. Like all multi-unit and multi-purpose buildings, the Hilton Garden Inn-Atlanta has a significant electric bill. The hotel installed 11 Tune® devices across 28 breaker boxes with the electrician daisy-chaining devices when possible. Over the first 12 months, the **Hilton Garden Inn achieved 13.51% in KWh savings.**

A savings impact evaluation was performed by ABRAXAS, a trusted third-party analyst, to determine the savings delivered by Tune®.*

13%⁺
KWh REDUCTION
OVER FIRST 12 MONTHS

Tune® delivers significant energy savings in high traffic multi-unit and multi-purpose facilities like hotels.
