Cash App is a mobile payment service created by Square, Inc allowing users to transfer money to one another using their mobile phone app or email. Bitcoin can also be bought and traded using the app. Cash App can be used for personal or business uses. Users can choose to withdraw money with a Cash App debit Visa card (Cash Card) in ATMs or transfer money to any local bank account. What is unique with Cash App is the custom username feature known as a \$cashtag; it allows users to transfer and request money from each other easily by entering their username. - <http://cash.me/app/WTQBXRS>

\* This podcast episode has a special paid bonus download that is based off of my years of research on resources, tools, insights and remedies that help to instill, stimulate, boost and sustain financial balance. Information that you can use for your entire life and pass it along to the youths and adults in your family, mate/spouse and child(ren). You get that offering for only \$10. Your purchase/paid download goes a long way to help grow my platform and fund my other initiatives to spread the message of Mental, Physical, Spiritual and Financial Balance (#MPSFB). Get the bonus paid download on my website under the Episode #5 section - <https://moorishbrooklyn.com/podcast>

To support, share and stay connected with everything that I do through my social media platforms, website, podcast, Monthly/Weekly Lights and future projects bookmark/save and share my all in one link: <https://linktr.ee/moorishbrooklyn>
