MRL SAVING ELEVATOR

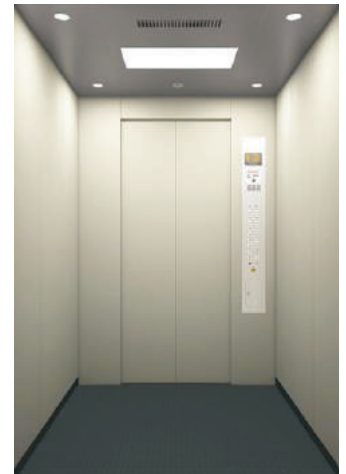

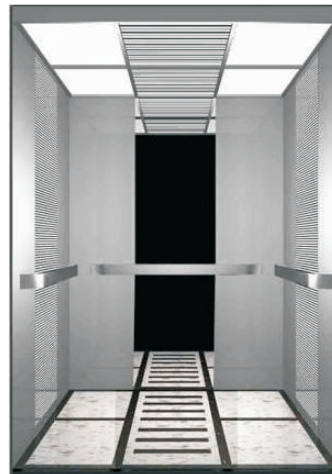

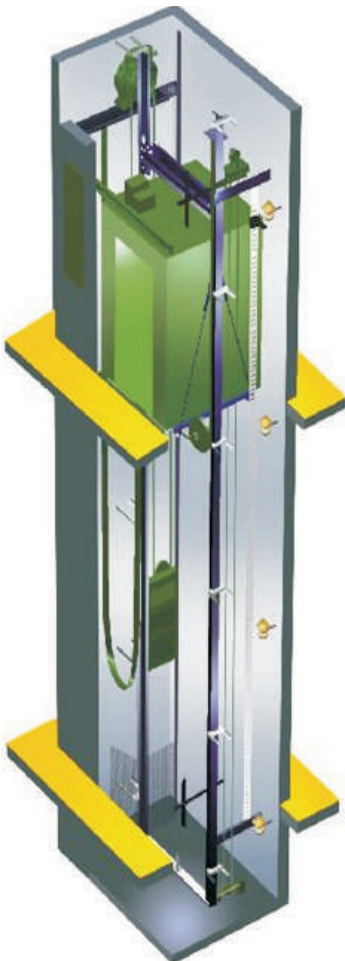

Capacity 500 to 10000 KG Load

Machine Roomless

Our Machine roomless (MRL) designs keep people and the environment in mind with compact and highly efficient machine which consume little energy, yet deliver a very smooth and safe operation in combination with G S ELEVATOR advanced control and drive system technology.

The birth of our machine roomless product, catering for low to medium rise buildings, was a result technological advancement and innovative research. The permanent magnet synchronous (PMS) gearless drive unit is installed inside the shaft, eliminating the need for a traditional machine room, thus construction cost for the building is consequently reduced. Furthermore, this allows more freedom and flexibility in the building's architectural design.

VARIOUS OPTIONS ARE AVAILABLE

Speed	1.00 to 1.5 mps.
Capacity	06 to 20 passenger
