The Chep Mission

Patriot Mission

We EMPOWER unhoused Veterans, and those about to be unhoused, by providing them with housing and by maximizing access to supportive services so they may create positive and sustainable change in their lives and in their communities.

People Mission

We EMPOWER unhoused persons, and those about to be unhoused, by providing them with housing and needed resources. We support individuals, families, agencies, causes, and sister non-profits. We strive to drive action, and present a united front against the root causes.

Education Mission

We EMPOWER professionals through CHEP Education by providing best-in-class educational seminars and programs that meet continuing education requirements. We also deliver conference management and overall consulting services. Our goal is to arm professionals with the tools needed to serve the veteran and non-veteran communities.
