Well hello there!
 Have you gone BONKERS yet?? School is officially in session! Breathe! Okay, Breathe again. That's it. Now relax. Lot's happened over the Summer in the neighborhood, and things are becoming a little different. Starting with the **2020 CENSUS**. We are going to make sure everyone in our communities are counted, and there will be more discussion on this as well as our webpage will soon be up and running again. There is information for August as well as September. Trying to share as much as possible to help make Going back to school a little easier. Please attend this next meeting as there will be a few surprises involved as well as information. See you there.

News around the Community:

Pueblo Gardens lost 2 of their own.

Mr. Donald & Mrs. Patricia Smith passed away sadly after they succumbed to smoke from a fire in their home of 46 yrs. Donald was born in Tucson, Az and served in the Army, He worked for the City of Tucson, and was a delivery driver for many years. He was an avid gardener and outdoors all the time. He was the proud owner & driver of his bright yellow 69'pickup truck. Patricia was born in Dallas, Texas and moved to Tucson. She worked for TEP 35 yrs. and retired in 2016. She enjoyed the casino and being on the computer. She was very giving woman, and as such, she was an Organ donor which was honored by her children. She would always have a beautiful smile. Donald & Patricia were married well over 40 years, resulting in 8 children between them with multiple grandchildren and great grandchildren. The family is a large, loving and giving family.

Donald & Patricia were always together, and their love was meant to be, which is one of many reasons they are buried together at Arizona Veterans Memorial Cemetery Marana, Az.

New Mobile App for Sun Shuttle Passengers

RTA switches platform of real-time transit tracking app to Tripshot
TUCSON, AZ – Sun Shuttle and the Regional Transportation Authority (RTA) are delivering a new mobile app, Tripshot, for Sun Shuttle passengers. Tripshot will replace the current app, TransLoc Rider, and will help improve and expand functions to users, including real-time vehicle tracking.

Tripshot lets passengers locate the nearest Sun Shuttle vehicle, view route schedules on a stop by stop basis, plan a trip, and stay informed with real-time arrival predictions. Passengers can also get notifications for arrivals, departures and delay times sent directly to their device.

Sun Shuttle passengers with the previous app (TransLoc Rider) will need to download Tripshot and select “Sun Shuttle” under public systems. Using Tripshot, passengers will experience enhanced trip planning to make travel easier with integrated walking, biking and driving directions, real-time ETAs, closest stop locations and smart notifications from their smartphone.

The Tripshot app is available now for download on both iOS and Android and features an intuitive design and interface.

“Tripshot allows our passengers to plan their commute efficiently and arrive to their destination on time,” said Steve Hamelin, General Manager for Sun Shuttle. “Tripshot is an intuitive tool for a seamless journey.”

For specific Sun Shuttle information, visit the website at suntran.com/sunshuttle, or call the Customer Satisfaction Center at (520) 792-9222 (TDD: 520-628-1565).

Be on the lookout in future newsletters for information on the CENSUS 2020 as the webpage.
