"Amanda was absolutely amazing. 10/10.

It wasn't until last minute that I decided to get a wedding coordinator and after talking to her, I knew that I wasn't going to regret it. She took away SO much stress and made the day go by so smoothly. And even leading up to that- I don't think I waited more than 10 mins for a text back. I honestly think the day would have been chaos without her!"

"Wow where to begin... Amanda is amazing! She was born to be a coordinator. My husband and I used save the day weddings for their day of coordinating services and decor tear down this past Saturday. First of all she was in constant communication with me and all my crazy questions to calm my nerves about the big day. The first day that I met her in person was the day of my wedding since I was just needing her services for the day of and I felt like I had met a long lost friend, seriously she is so fun and handles anything you throw at her so well that all I could do was smile. Now, let me say I had a wild wedding party and she handled them like they were saints. I couldn't believe what I was seeing! Everything went off without a hitch. Don't think, just hire her. Heck I'm thinking of the next event I can have to hire her again."
