

Chinese Tech Giant Baidu Uses AI Algorithm To Improve Covid-19 mRNA Vaccines

*“Enumerating all COVID-19 mRNA vaccine sequences **would take 10^{616} billion years, but our algorithm designs the most stable mRNA in just 11 minutes,**” said He Zhang, a software engineer at Baidu Research in California and lead author on the paper.” May 4, 2023*

Are we to believe that this is purely a **coincidence** or is this **evidence of demonic forces** at work attempting to **manipulate human dna**? This should be considered prayerfully as to whether or not this is of great significance. We have numerous warnings in the scriptures and from our 7th Messenger that fallen angels would become very active in the final days.
