Your Custom Garden Adventure Begins!

B = Breakfast / L = Lunch / D= Dinner

DAY 0: May 22 - Depart the USA for London

Remember, you'll need to depart the US no later than May 22. However, if you have the time, you may wish to arrive a few days early and catch a play at Shakespeare's Globe Theatre or visit London's great museums!

DAY 1: May 23 - Your Custom Garden Journey Begins!

Welcome to the United Kingdom! Transfer by train, taxi airport shuttle to your centrally located, four-star hotel in London. Take time to relax and freshen up before meeting your guide and host **Joe Lamp'1** for an evening orientation and welcome dinner.

Sleep in London (D)

DAY 2: May 24 -The Chelsea Flower Show

The **Chelsea Flower Show** is the gardening Mecca of Europe, where some of the greatest exponents of the art exhibit imaginative garden designs over an 11-acre site at the Royal Hospital in Chelsea. They create a wonderland for the public to explore, as the tranquil canvas of the hospital's lawns comes alive with a riot of color and form. Since its inception in 1913, the Chelsea Flower show has been at the forefront of horticultural development. In 2002, the entire event was housed in the dramatic, new-look of Great Marquees – higher, lighter, brighter and better ventilated than ever before.

*“Gardens are not made by singing ‘Oh, how beautiful,’
and sitting in the shade.”*
-Rudyard Kipling

Dozens of model gardens have always formed the prime attraction, reflecting the changing enthusiasms of designers. From the Japanese and topiary styles of the early days, to a major emphasis on rock gardens during the war years, to the paved backyards, cottage and wildflower gardens of the present day, the show continues a long tradition of pushing boundaries. You’ll have plenty of time to wander at the show today. Enjoy!

DAY 3: May 25 – Kew Gardens

This morning we board a private motor coach and set out to discover the stunning Kew Gardens. The garden includes 50,000 living plants, Kew houses the largest and most diverse botanical and mycological collections in the world. It is also a UNESCO World Heritage site.

Time permitting, we will visit the **Chiswick House and Gardens Trust**. Chiswick House is one of the most glorious examples of 18th century British architecture and its gardens are the birthplace of the English Landscape Movement.

Return to central London in the later afternoon. *Sleep in London (B, L)*

DAY 4: May 26 - South to Royal Tunbridge Wells via Sissinghurst Gardens

Our journey today continues as we depart London for Royal Tunbridge Wells. En-route, we'll stop at Sissinghurst Gardens. Here, you'll enter the world of influential gardener and writer Vita Sackville-West and her husband Harold Nicholson. A disciplined framework of walls and hedges is filled out by wonderfully exuberant plantings of old roses, perennials and cottage garden flowers. The remains of an Elizabethan mansion with twin towers and rambling, low out buildings, crumbly red-brick walls and open courtyards make a wildly romantic setting. The most famous of the many gardens is Vita's innovative White Garden, a poetic composition of white and off-white flowers, set off by green, grey and blue-tinted foliage plants, such as ferns, artemisias, sea kale and grasses. Sissinghurst Gardens is a pilgrimage site for gardeners worldwide!

After enjoying lunch at Sissinghurst, we'll have a tour of Penshurst Place Gardens. The 600-year-old gardens are still in private ownership of Viscount de L'Isle. They have many small enclosed gardens with a delightful Elizabethan flavor. The garden includes a rose garden and a 100-foot-long peony border. The Tudor house can also be visited.

In the afternoon, we'll make our way to the charming town of Royal Tunbridge Wells. Upon arrival, we'll have an orientation and dinner out on the town.

DAY 5: May 27 - Pashley Manor, Bateman's House & Great Dixter

This morning, enjoy a private visit to Pashley Manor Ticehurst, Kent with its exuberantly colorful 11-acre garden with a medieval moat and a string of ponds surrounding a 16th-century timber-framed house. Over 40 varieties of this diverse perennial are planted throughout the gardens, organized according to color, and is reached through elegant parklands with splendid countryside views. We'll have lunch here at the splendid café on the grounds. Next, we are off to Bateman's House.

"That's She! The Only She! Make an honest woman of her – quick!" was how author Rudyard Kipling and his wife, Carrie, felt the first time they saw Bateman's. Surrounded by the wooded landscape of the Sussex Weald, this 17th-century house, with its mullioned windows and oak beams, provided a much-needed sanctuary for this world-famous writer. The rooms, described by Kipling as "untouched and unfaked," remain much as he left them, with oriental rugs and artifacts reflecting his strong association with the East. Bateman's, with its fruitful orchards, very much has the feel of a family home, but is impressive nonetheless.

After lunch we are off for a visit and private tour of Great Dixter, once home of famed gardening writer and plantsman Christopher Lloyd. His garden follows the crisp design laid out by Sir Edwin Lutyens prior to World War I. Yew hedging and flagstone paths divide the seven-acre garden into spaces of different character and purpose. Dynamic and bold planting is the garden's theme, and most famous is the view down the Long Border, a richly planted sunny border filled with mixed annuals, perennials, bulbs, shrubs, small trees and climbing plants that perform with brilliant color over a long season. Don't miss the opportunity to look inside the house and the Great Hall, which dates from the 15th century and was restored also by Sir Edwin Lutyens. Return to the hotel in the late afternoon.

DAY 6: May 28 – West Green House Gardens & North to Oxford

Nestled in a woodland corner of Northern Hampshire, the gardens of West Green House surround one of the prettiest manor houses in England. It is a garden with a special and distinctive sense of place created over two decades by Marylyn Abbott, a renowned garden designer. **West Green House Gardens** combines neo-classical style with contemporary design. A grand water staircase provides a focal point to the Nymphaeum Fountain designed by architect Quinlan Terry. The magnificent Walled Garden, faithfully restored to its original lines, is entered through an arbor of wisteria. An alley of apple trees divides an elaborate potager with its berry-filled fruit cages, annual flowers and colorful vegetables from its signature perennial borders exuberantly planted in subtle hues of mauve, plum and blue.

After lunch, we depart by private motor coach for the historic city of Oxford. This afternoon, we'll enjoy a student-led tour of the historic campus of The University of Oxford, or simply "Oxford." It has no known date of foundation, but there is evidence of teaching here as far back as 1096, making it the oldest university in the English-speaking world and the world's second-oldest university in continuous operation. It grew rapidly from 1167 when Henry II banned English students from attending the University of Paris. After disputes between students and Oxford townsfolk in 1209, some academics fled northeast to Cambridge where they established the University of Cambridge. The two "ancient universities" are frequently jointly referred to as "Oxbridge." Lovers of literature will enjoy seeing the colleges and pubs where C.S. Lewis, JRR Tolkien and Lewis Carroll wrote their masterpieces.

Our tour also includes the University of Oxford Botanic Garden. Founded in 1621 with a mission to promote learning and glorify nature, many people and plants have been involved in the history of the garden. The educational and conservational missions are continued to this day. You can visit the herbaceous borders, glasshouses or simply relax in the oldest botanic garden in Britain.

You may wish to take a tour of the Oxford Bodleian Libraries, which number more than 11 million printed items. Or perhaps you wish to try your hand at punting, a favorite pastime for Oxford students and visitors. Art and history lovers won't want to miss the university's top-notch Ashmolean Museum, which houses Greek, Roman, Egyptian, Middle Eastern and Asian art. We will dine together this evening. *Sleep in Oxford (B, D)*

DAY 7: May 29 - Sir Winston Churchill: Blenheim Palace

This morning we will visit one of the most charming villages in the Cotswolds, Burford. Stroll down the merry little lanes past thatched-roof cottages, taverns and little shops. After an independent lunch, we set out to discover Sir Winston Churchill's life at Blenheim Palace. We'll explore the newly reinvigorated, permanent Churchill exhibition, visit the Memorial Garden and walk in Churchill's Footsteps.

Blenheim is the English landscape garden at its most monumental, an appropriate setting for the magnificent palace. The grounds were originally designed in the early 18th century, then later renovated by famed English landscape architect Lancelot Brown, better known as "Capability Brown," who swept away all traces of the earlier formality, replacing it with his signature landscape park. He also installed the lake and cascade.

In the afternoon, we continue on to **Rousham Gardens**. Rousham provides a complete contrast in scale and atmosphere, and is disarmingly un-commercial. The garden was designed by William Kent in 1738 for Sir Robert Dormer, and since that time it has remained miraculously unaltered and in the same family. Follow an unmarked route through a sequence of magical green spaces and viewing points, dramatically enhanced with superb garden buildings, sculptures and water in many forms. Then visit the walled garden, overflowing with colorful flowers, ancient espalier apples and a pigeon house.

We return to Oxford in the late afternoon *Sleep in Oxford (B, L)*

DAY 8: May 30 - The Cotswolds and Hidcote Manor and Gardens

Today, we'll discover two of the most beautiful gardens in the Cotswolds: **Hidcote Manor and Gardens** and the **gardens of Kiftsgate**.

Hidcote Manor and Gardens is one of the most influential and famous of all English gardens. Hidcote was created in the 1930s by an American, Lawrence Johnston. Johnston employed his skills as a designer and a horticulturalist to make a superbly dramatic garden of outdoor rooms, each with a theme or particular season of interest. The garden is packed with wonderful planting and visual surprises.

You'll have free time to explore the gardens and enjoy an independent lunch before heading to Kiftsgate. Heather Muir created the garden at Kiftsgate, which up until 1920 had consisted of a paved formal garden in front of the portico, with fields and wooded banks beyond. Muir was helped and inspired by her lifelong friend Lawrence Johnston of Hidcote Manor. She decided that the garden would develop organically, rather than planning everything on paper. This has given the garden a distinctly feminine feel, almost in direct contrast to the more masculine lines being employed by Johnston at Hidcote. Her gentle touch is being continued by her granddaughter Anne Chambers, the present owner. We'll return to Oxford for dinner. *Sleep in Oxford (B, D)*

DAY 9: May 31 - A Day in the Cotswolds

This morning, we set off to discover the charming villages and gardens of the Cotswolds. Charming picturesque towns and villages are scattered across this historic lush landscape. Our outing includes a stop at **Cerney House Gardens**, a romantic, secret place in the Cotswolds, near to Cheltenham, Gloucestershire. They are part of the home of the Angus family. Set around a Victorian walled garden, they are described by Country Living as "what most people aspire to in their gardens – and few achieve".

We will stop to smell the roses along the way, returning to Oxford in the late afternoon. *Sleep in Oxford (B, L)*
