#### About Il Civico Museo Bibliografico Musicale:

The original core of the museum's musical collection is credited to the Franciscan Father, (Bologna, April 24, 1706 - August 3, 1784), who was one of the most famous and complex personalities of the eighteenth-century European music world. He was also a great scholar and collector, a theorist and composer, and a teacher of counterpoint, where Johann Christian Bach and Wolfgang Amadeus Mozart were among his students.

#### Day 5: Thursday, October 6 - South to UNESCO's Artful Ravenna

Ravenna is one of the most unusual towns in Italy. As the capital of the Western Roman Empire (from A.D. 402), the Visigoth Empire (from A.D. 473), and the Byzantine Empire under Emperor Justinian and Empress Theodora (A.D. 540-752), Ravenna became one of the greatest cities on the Mediterranean.

Ravenna achieved its cultural peak as part of the Byzantine Empire between the 6th and the 8th centuries, and it is known for the many well-preserved mosaics created during that time ~ the finest in all Western art and the most splendid outside Istanbul. The low Byzantine domes of its churches still evoke its Eastern past. Following our in-depth tour enjoy a wonderful lunch. We then return to Bologna in time for an independent dinner. *Sleep in Bologna (B, L)*

#### Day 6: Friday, October 7 - A Day with Michelangelo and Da Vinci:

This morning we'll drive the short distance to bustling Florence. Simply said, the city contains the entire history of the renaissance. Works by Michelangelo, Da Vinci, Brunelleschi and their fellow masters sit side by side in the Florence's world-renowned galleries.

This morning, journey into the world of Botticelli, Raphael and Michelangelo with a privately guided visit of the Uffizi Art Gallery. Your mid-afternoon is free for lunch.
