On Plastic Island, Koa discovers that sand is more than just sand—it's a tiny ocean world full of shells, coral pieces, colorful grains, and hidden stories waiting to be explored.

In Surf Soup® SAND, young readers join Koa on a playful STEM adventure where curiosity leads the way. With a magnifying glass in hand, Koa looks closely, asks questions, and learns how even the smallest discoveries can teach us big ideas about science, nature, and caring for our planet.

This beautifully illustrated picture book encourages observation, classification, and hands-on exploration while gently introducing environmental awareness. Perfect for classrooms, homeschooling, and curious kids who love the beach, science, and ocean adventures.
