When a brilliant rainbow stretches across the sky, Banini can't resist chasing it. Joined by Koa, Kiss the rainbow-trailing surfboard, and Holo Holo the flying surf van, they race toward Auntie Pule's Coconut Wireless stall, where Cokie the Coconut is always listening and gossiping.

Their plan? Catch the rainbow in jars and share it with the world. But when a jar slips and rainbow light spills free, Banini and Koa learn a magical truth: some of the most beautiful things in life aren't meant to be owned — they're meant to be experienced.

Packed with heart, humor, and gentle wisdom, Chasing Rainbows encourages curiosity, imagination, and STEM exploration. Kids will discover how rainbows form while following a whimsical adventure full of laughter, friendship, and magic.
