Steel Pipe Work

Steel Pipe Work

Tube is available in Stainless Steel and Mild Steel Plated in several sizes. It is supplied in 3 metre lengths to aid carriers transportation.

Shown Here :

15mm x 1.5mm Wall, Stainless Steel.

Working Pressure : 340 Bar, Determined by ASTM 213/A269

15mm x 1.5mm Wall, Mild Steel.

Working Pressure : 280 Bar, Determined by DIN 2413/1

Description	Part Number
Tube 15mm x 1.5 S/Steel	F650015
Tube 15mm x 1.5 S/Steel	F610015

Outlet Arrangement

The below shows a typical vertical outlet installation. The pipe work comes down the wall, held secure by Pipe Clamps (extended base plate for ease of fitting). It is finished by a Stud Coupling to 3/8 Male which fits directly into a Ball Valve. Then it is joined by a Male x Male fitting into a Quick Release Coupling (the QR Nipple is attached to the High Pressure Hose allowing one Trigger and Hose to be moved between several outlets).

Ball Valve 400 Bar Stainless Steel 316 - 3/8 Ported

Temperature: 150°C

Lever: 316 S/S, Plastic Cover, Three

Piece Valve PTFE + PVDF Seals.

Ideal for Pipe Work Systems.

Description	Part Number
Stainless Steel 400 Bar 3/8" F/F	V030310

High Pressure Quick Release Coupling Set

Pressure Brass / Mild Steel : 250 Bar

Pressure Stainless Steel : 330 Bar

Description	Part Number
3/8 QR, Brass 250 Bar Set	Q050325
3/8 QR, S / Steel 330 Bar Set	Q060330
Spare Set of 3 'O' Rings	Z120225

Pipe Clamps

Stainless or Mild Steel with Extended Base to enable ease of fitting.

Full Range available.

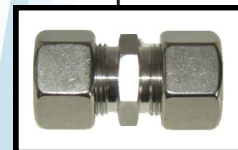

Clamps : Polypropylene

Tube to Tube

Stainless or Mild Steel
W/P : 315 Bar (S/S)

Full Range available
with Step Sizes

Description	Part Number
Tube to Tube 15mm Stainless Steel	F650115
Tube to Tube 15mm Mild Steel	F610115

Male Stud

Stainless or Mild Steel
W/P : 315 Bar (S/S)

Full Range available

Description	Part Number
Male Stud 3/8 x 15mm Stainless Steel	F650615
Male Stud 3/8 x 15mm Mild Steel	F610615

Elbow Equal

Stainless or Mild Steel
W/P : 315 Bar (S/S)

Full Range available of
Reducing Elbow's

Description	Part Number
Elbow Equal 15mm Stainless Steel	F650215
Elbow Equal 15mm Mild Steel	F610215

Tee Equal

Stainless or Mild Steel
W/P : 315 Bar (S/S)

Full Range available of
Reducing and Branch
Tee's

Description	Part Number
Tee Equal 15mm Stainless Steel	F650315
Tee Equal 15mm Mild Steel	F610315

Pipe Clamps

Description	Part Number
Clamp Single Extended 15mm M/ Steel	F650815
Clamp Single Extended 15mm S/ Steel	F610815
