

H & B Greenhouse & Nursery is proud to be a local family owned business. We thank you for your support for over 32 years. Franklin County is a caring community, and each year we are asked to support many deserving local organizations and causes. We have long been involved with our local schools, hospital and organizations like Camp Ta Kum Ta, Afterglow Foundation & Susan G Komen.

We receive many more requests than we can possibly fulfill. In order for us to evaluate each request, we ask you to submit your requests using the form below. We do not give cash donations, only plants or product of our choosing. Please make your requests at least one month in advance.
