How 'Mormon' are/were you?

Cross out Mormon life events that you experienced and add up your score (points in red) to see where you land on the Mormon Scale. If you get a full row (horizontal or vertical) add 10 points.

- 0 – 15 points – Mormon Reservist, you liked the idea of being a Mormon but never quite made it.
- 16 – 32 points – Mormon Military Support, the front lines just weren't for you.
- 33 – 49 Points – Mormon Military Runner, you spent time on the front lines but liked the safety of the rear guard.
- 50 - 90 Points – Mormon Cannon Fodder, you were all in and would have died for the cause, you owned the front line.
- 90+ - The City of Enoch was translated years ago, what are you still doing here?
