# **Pastor John's Jottings**

Luke 17:5 "The apostles said to the Lord, 'Increase our faith.""

Here is a triva question for you. What is the oldest known prosthetic or artificial body part?

If you guessed George Washington's wooden teeth (which, by the way, were not actually made out of wood), you are not even close. Peg legs used by pirates or Captain Hook's prosthetic hand are also not in the running. Several years ago, archeologists in Cairo, Egypt, were excavating the tomb of an Egyptian noblewoman who lived about 3,000 years ago. They discovered that her body was fitted with a prosthetic toe made of wood with a leather strap that connected it to her foot. Historians refer to it as the Cairo Toe. So now you know!

An article I read in Dynamic Preaching Magazine got me to thinking about how prosthetic limbs relate to faith. A prosthetic limb is something not natural to the body that is added to help the person cope better with life. When the disciples asked Jesus to increase their faith, they were asking for something beyond their natural abilities. They were asking for supernatural help.

Our natural faith and abilities are often not enough to get us through the difficulties we encounter. We need outside help. People often misuse 1 Corinthians 10:13 to say that "God will not give me more than I can handle." The verse actually says, "No temptation has overtaken you except what is common to mankind. And God is faithful; he will not let you be tempted beyond what you can bear. But when you are tempted, he will also provide a way out so that you can endure it."

The emphasis is not on how strong we are, but on the goodness and strength of God. God will provide a way out or a way through. We cannot increase our faith or "faith harder" by closing our eyes and clenching our muscles. But we can tap into the power of God through prayer.

There are many temptations and circumstances that are beyond our strength to handle. God knows that we are not that strong. But there is no temptation or circumstance greater than God.

When Daniel's friends Shadrach, Meshack, and Abednego were thrown into the fiery furnace by King Nebuchadnezzar, they did not survive on their own. God sent an angel to walk with them through the fire, so that they were not harmed. (See Daniel 3:19-30) It is worth noting that God did not simply snatch them out of the fire, God left them in the fire, but also provided them a way through it.

There is an old prayer that says it best. "God, help me to remember: There is nothing that I will encounter this day that together you and I cannot handle." Amen!

Hope and Confidence, Pastor John
