

4/25/16

**New World Order Conspiracy**  
**Reality vs.Theory**

This is a preface to an expose of the Rothschild and Rockefeller minions, who surreptitiously devised and plotted the **ill-willed, self-aggrandizing scheme** to divest the United States of its sovereign independence, and national and personal freedoms! In other words, to enslave our country, and make it interdependent with the other socialized nations of the world, under the **elite ruling cabal of the New World Order**, per U. S. signing of the 1945 treaty establishing UN Charter **global authority!**

It is highly unlikely that the perpetrators will ever emerge from their delirium before the evil plan is fully consummated, but if not, it will be like a never-ending bad dream to all but the select malevolent elitist fools in control and their compatriots, whose own nightmares will follow not longer after! That is, they too will be swallowed up by a backlash from their own greed and abuse, having caused inevitable chaos and uprising, by their harsh imposition upon the world of limited governmental powers, and economic opportunities, plus intolerable restricted living conditions (including inhumane mistreatment, i.e., depopulation by genocide, etc.)!

Simple honest thought and observation should teach us, that man has natural inalienable rights of self-determination in all matters of life, including liberty, and the pursuit of happiness! And, just because certain big shot elitists can muscle their way around in the world, like the "bully on the block", doesn't mean they have any more personal rights to the natural benefits, and privileges of life, than anyone else!

I had previously written a critical article about the UN Charter, by which the U. S. Government, criminally and traitorously surrendered the traditional national autonomy of our uniquely successful country, and the natural free rights of its

citizens, by signing them over to the global gluttons and gobblers (like the cartoon PacMan), or **ruthless, self-enriching powermongers**, known as the "elite ruling cartel" of the NWO!

The UN Charter, or more fittingly named, **The Socialist Manifesto** provisions are predicated upon an exclusionist, even delusional concept of a utopian world hierarchy, composed mainly of **a clique of international bankers**, having absolute control over every nation, and its inhabitants, throughout the world! The upshot of its powers is a culmination of centuries of a world takeover conspiracy, to be accomplished either by means of **consent**, or **conquest**!

The essential enabling means of the New World Order meeting their goal of world domination, is the acquisition and control of enough resources (wealth and materials) to prevent the enslaved world from being able to escape from the NWO's adversarial acts of oppression, and disenfranchisement of personal rights and freedoms.

Which means that everyone except the ruling elite, and their families, and select peers, will be **confined to a life of minimalized subsistence and allowance of other needs and privileges**, with their numbers being subject to massive depopulation, by genocide and other inhumane methods!

Such will be the **barbaric cruelty and deprivation**, resulting from forced compliance with the mandates (whims and dictatorial powers) of the totalitarian New World Order! The history of the UN's predecessor, The League of Nations, being only partially able to act on various world problems, should have been convincing to the prospective NWO principal proponents and advisors, that the purview of the scope and demands of a world control organization is at best a radical, unrealistic, visionary concept.

The administration of which, by its complex nature, would be an extremely prodigious and unwieldy venture that would be predictably, all but certain, doomed to fail--leading to **global chaos**, and unmanageably worse world problems than exist today.

And, judging by the ruthless, abusive past and planned actions of the self-serving one-worlders, why would anybody be foolish enough to think that such proven ruthless scoundrels could ever be trusted to conduct themselves any different in the future (per UN Agenda 21 confirmation).! So, let's begin with some of the notable perpetrators of **the worst scheme against humanity that the world has ever known!** A modern time "winner" of the double-dealing American sellout, socialist award is George H.W. Bush (Pres. #41). While he has done creditable things in his government service career, they are overshadowed by his NWO complicity. We don't remember Benedict Arnold for anything favorable!

The whole warped concept of commandeering the world, and "claiming" to eliminate **"social injustice" in every aspect of civilization**, if ever established, would bring into reality the most bizarre, crackpot movie themes ever concocted or imagined! The most devastating outcome of the madcap scheme is that the supposed "cure" is worse than the "disease"! In fact, what greater "social injustice" can be imposed upon mankind than the inhumane treatment of fellow man detailed and planned in UN Agenda 21?

And, whatever reasons, or excuses are given, what good are they if it makes the principal proponents do extreme, radical things? The designed end result would make life a virtual open prison for all but the despotic, elitist rulers, and their peers! Frankly, anything that is devised by the self-serving plunderers, which would purposely victimize and dehumanize most of mankind, makes the perpetrators undeserving to live any kind of favorable existence!

How extreme is the UN's diabolical scheme? Consider their Biodiversity Assessment Report of things disallowed, as **"non-sustainable"**: "Ski runs, grazing of livestock, plowing of soil, building fences, industry, single family homes, paved and tarred roads, logging activities, dams and reservoirs, power line construction, and economic systems that fail to set proper value on the environment." Note 6. And, while it may not be termed "non-sustainable", the **disallowance of private property ownership is the worst deprivation of natural, human rights that man could be forced to endure!**

To camouflage their draconian agenda, they would call the process names like "comprehensive planning", "growth management", or "smart growth". When, in fact, the system is a harsh one-world, dis-United Nations' nightmarish, evil scheme against humanity!!

All of which, renders people like the "distinguished" Bushes, and probably hundreds of others, as hypocrites and traitors by (1) having taken an oath to uphold the U. S. Constitution, and then (2) working behind the scenes, and openly as shills and accomplices for the NWO, which requires the **abolishment of national sovereignty and independence, and most natural rights and freedoms.**

Ironically, the one-worlders, in their pursuit of unlimited power and control over the world, are themselves (which they hardly know, or even suspect) irrevocably committed slave-servants (puppets) of the Devil who, the Bible explains, has temporary reign and control over all of mankind, that have not been delivered from the "law of sin and death", by God's gospel plan of salvation!

The NWO practice is a reverse act of the Biblical story of Esau. Instead of it being like Esau giving up his birthright for a mess of pottage, the NWO takes away people's birthright (rights, and privileges, and opportunities), and leaves them with a severely limited, low quality existence for the rest of their lives! Remember the term, "forced compliance".

I call the UN Charter, a "Socialist Manifesto" because, carried to its full declared extent, it represents an extreme totalitarian, collectivist government, over a tyrannically controlled society. I published a critique in my website, titled "UN Charter Commentary", delineating and interpreting some of the deceptive terminology of the Charter, by using **bold print** insertions in the text.

Under the control of the UN ruling authorities, or "merchants of death and destruction" (mainly the international banking cartel), they will continue their subversive practices of (1) causing crises of staged wars, (2) confiscating wealth and resources, either directly, or by the process of financing the wars they cause with loans that most countries cannot repay, (3) population control, i.e., genocide, (4) taking over industries, services, and everything of value to their duplicitous,

barbaric agenda!

In a speech before Congress in Jan. 1991, George H.W. Bush said, "We have before us, the opportunity (usurped authority) to forge for ourselves and for future generations a **new world order**, where the rule of law" (in the hands of laws of God violators) "not the rule of the jungle, governs the conduct of nations. When we are successful, and we will be, we have a real chance at this **new world order**, an order in which a credible (iron-handed) U.N. can use its peacekeeping (enforcement) role to fulfill the promise and visions of the U.N. founders" (which is a completely disingenuous attribution). Parenthetical inserts, mine.

And again from Bush 41, "Just prior to bombing Iraq into the Stone Age, and killing thousands of people", referring to Saddam Hussein, he said, "If we do not follow the dictates of our inner moral compass", (What is moral about the true aim, and clandestine ways of the NWO conspirators who, along with the Zionists have committed most of the world's acts of aggression)) "and stand up for human life (ala Agenda 21?), then his (Saddam's) lawlessness will threaten the peace and democracy (read: socialistic control) of the emerging **new world order**."

"We now see **this long dreamed of vision** we've all worked toward\* for so long". 'Worked toward', like it is a noble cause, when it is more like a case of **"mad scientists" in their laboratory**, plotting the demise of the world as we have known it! Note 1.

What ironic, illogical blather! In his delusion, Bush Sr. and his cohorts either cannot see, or worse still do not care about the inevitable catastrophic damage the NWO will cause to practically the entire world, except for the self-elected elitist rulers and their chosen fellow-snobs! Which, including the massive UN depopulation plans, would threaten incomparably more people than Saddam Hussein could even imagine!

How can a man like GHWB be esteemed and honored, when he apparently devoted many years of his life to subversive activities, designed to undermine, and rob his homeland of its sovereign, independent, free nationhood, and turn it into a subjugated, forcefully controlled slave nation, devoid of the autonomous right to

determine and administer its own national affairs, and ensure the natural social rights of its citizens? Makes a nice legacy and epitaph, doesn't it?

I assume with the twisted logic of the one-world dreamers, that they probably think they are doing a good thing for the world, giving it a greatly enhanced means of maintaining world peace, and security, and equitable (not) use of its resources of food, water, energy sources, etc. Which is only a disingenuous excuse! For the real purpose of the rulers is ensuring to themselves, and select others, control and personal use of unlimited wealth and power. Or, eventual total confiscation!

And, instead of being a work of wisdom, and ingenuity designed to provide an existential system of survival of the "fattest", it is the product of obsessed fear and insecurity for the future, i.e., overpopulation, and massive consumption of the world's resources, that drives them to do anything in their power to prevent the "impending doom" that they foresee, and to preserve for themselves, **by any and all means**, absolute control and possession of the limited resources remaining in the world! All, without care or compassion for the rights and needs of the rest of the world's inhabitants, who are beneath their self-exalted status, and therefore quite expendable!

The absence of moral principles, based on faith in God, and human compassion, and misjudgment of the earth's capacity to sustain the needs of mega populations, generates inordinate fear and insecurity leading to irrational decisions which can devastate and abuse the lives of a most of mankind. That is the evil means of the game plan of the inhumane **New World Order**!

Which, again, to plot the devastation of the most developed, prosperous, and otherwise successful nation on earth, and replace it with another inevitable socialist failure, defies not only bad gambling odds, but simple logic and common sense! Other than the deluded powermongering mentality of the elitist meglomaniacs behind the scheme, there is serious reason to think that **there must be something deeper compelling** their diabolical actions!

That is, something that would cause people to (1) act mysteriously radical, both in the agreement and clandestine development of such an elaborate

extensive plot, and (2) for most of the country, to be relatively devoid of open opposition and resistance to the foolhardy rationale of the plan, and impending danger facing the world, if and when the NWO despotic global control regime is ever fully launched, and established.

Being a Christian, and knowing what the Bible reveals about the supernatural powers of both God, and Satan, I believe that the secondary, conditional powers that Satan has, especially relating to **human mind control** is the governing factor of the conspiratorial movement, i.e., against national sovereignty, and autonomy of the U.S.

In reference to the subject, scripture tells us that **man can be taken captive** at Satan's will. 2 Tim. 2:26. As in membership of, or attendance to meetings of secret societies, i.e., (1) the occultish evil **Bohemian Grove**, by most or many of the notable one-worlders, and (2) a regularly scheduled **Hollywood Satanic ritual** of sacrificial and immoral indulgences are typical activities involving many well known persons in the film industry!

Also, the devil would not be called the "god of this world" under the "law of sin and death", or the "prince of darkness and the (evil spiritual) powers of the air", unless he has the requisite supernatural capacity to carry out whatever he desires, especially over natural, unredeemed man. One of the more evil aspects of many of the one-worlders' mental dispositions is their having taken **a Luciferian oath**, which commits them to subserviently regard and honor Satan as their god, including forced participation in graphic evil, immoral rituals, and practices!

There is **no other rational reason** justifying why the architects, and purveyors of the NWO conspiracy, including government officials, banking and corporate executives, academia, and media spokesmen. etc. are in collusion, and relatively silent about such outlandish, traitorous decisions to undermine, and hijack our country!

The object being to turn it into another socialist nation, subservient to the despotic rule of an elitist international banking cartel, that has been taking control of the reins of authority by means of indoctrination, infiltration, and resulting

shadow government tactics for centuries.

The **treasonous treaty** authorizing full UN control and administration of the United States, was signed in 1945, as documented by the **UN Charter**! Satirically, the instrument should have contained the following treasonous oath, "We the **undersigned** governmental, and other associated **traitors** of the U. S. Constitution, in betrayal of the trust and reliance of the American people, do mutually pledge our Satanically inspired obedience, and service to the ruling authority of the UN evil socialist kingdom!"

The UN has been poised to take over the reins of government, for some seventy years now, but the required crisis situation, which they say would justify their full intervention in national affairs, has not sufficiently developed yet. However, UN headquarters has tentatively scheduled the takeover transition to take place by 2025!

It was Lord Acton who said, "Power tends to corrupt, and absolute power corrupts absolutely". And, then, the fear of losing power thereafter, is the insatiable driving force to maintain, or increase it--by eliminating, if possible, all threats and means of losing it! There are always internal as well as external dangers of plots and attempts of others to take it away from them! It would be too late for the victims of the powermongers--but, for what its worth, it would be a form of "poetic justice" if the tables were turned on the scoundrels!

Gettting down to some of the specific names of the ones who betrayed their country, and capitulated to the diabolical, socialistic UN conquest of it, leading us into a life of enslavement, and deprivation of personal rights, and opportunities that normal life affords--consider then, in perspective, that every other problem we face today, is relatively minor compared to the impending global threat of the **new world order** ( the "wolf in sheep's clothing").

But, what are we doing about it? Practically nothing! Instead, we have been preoccupied with secondary issues (including diversionary tactics)--adversarial party politics, immigration concerns, Middle East terrorism (largely exploited by the U.S.), government agency and personnel problems (which are significantly

troubling), global "warming" (a staged ploy), and on and on. Some of which problems are purposely instigated to create crises requiring outside help from UN agencies, i.e., from prepositioned armed forces (mostly U.S.)

A caller on the Rush Limbaugh talk show, credited him with being the nation's best freedom fighter. Yet, Limbaugh isn't paying any attention (as apparently a supporter) to the NWO socialist planned silent coup d'etat, which dwarfs every other world problem. All of which is probably due to the subterfuge that has indoctrinated its supporters into mockingly calling anyone raising the fact or question of the forces which are working against our country, as "conspiracy theorists", with the true scheme further abetted by a lock-step media, rarely open to discussion of the matter!

That bad things of this magnitude could be concealed by such a widely concerted coverup, is next to impossible to believe, so the mystery remains. Some of it may be explainable by secret society occultish oaths and rituals, to which many of its member have succumbed.

But that itself is Satanic, and I believe the whole insidious movement is due to the mind control power that Satan can and does exert upon man to carry out, in this case, his evil plan of practically destroying, or denying every real freedom and opportunity that God has providentially given to man!

Historically, most people have been able to sustain and enjoy a relatively good quality of life, with potential peace and security--even though they are under the judgment conditions that God has imposed upon the earth, as a consequence of original sin, federally imposed upon posterity, and organically inherited from Adam and Eve!

The storm clouds have been gathering, as we are coming near to the precipice, of the globalist takeover that we have been warned of by some, or perhaps studied and learned--for a long time, and which our leaders and representatives have purposely, or blindly not heeded, but incredulously gave the UN permission to execute!

To touch on the main theme of who the "trusted" dignitaries are that betrayed us, and that deserve the opposite of the esteem and high regard they have been given; an example occurred recently in a Republican presidential candidates' debate.

Jeb Bush referred to his father as "the greatest man alive". Whoa! Love for one's father, when he has done something criminally wrong, adversely affecting the future of the nation, is undeserved affection, or approval-- especially since Jeb has been involved in similar subversive activities, like the PNAC, at least!

The elder Bush, along with many other traitors, betrayed their country, and participated in setting the stage and consummating a deal (treaty) surrendering our national sovereignty and freedom, for the socialist tyranny of a one-world totalitarian government. That is an act of treason, which besides whatever punishment is fitting, its participants should be marked with a stigma of infamy, offsetting an assumed legacy of credible national service!

Therefore, a conscientious, objective-thinking person would not exalt an unpatriotic, subversive political leader--especially a president who violated the Constitutional principles he swore to uphold! That is the stuff of impeachment, being grounds of high crimes and misdemeanors, constituting treason! I am not being facetious, but men were once hanged for stealing a man's horse, and this crime is a whole lot more serious offense to fellow man than that, deserving serious punishment!

In connection with which, Jeb Bush himself, who is in accord with the UN Charter doctrine and regulations, is not worthy to be a candidate for the high office of president, or for any other responsible government position. They are either members of (or align with) the New World Order's affiliated NGOs: the CFR- Council of Foreign Relations, the TC - Trilateral Commission, and the PNAC - Project for a New American Century (of which, Jeb Bush is a signatory). These organizations have operated as a shadow government for decades, committing traitorous acts, apparently with little or no conscience, and meeting with minimal resistance, or exposure!

Anyway, Jeb Bush is part of the **Neoccon, war-minded movement**, which promotes international intervention, including military attacks in foreign countries, as a stock-in-trade method, of causing crises around the world, for decades! Which are executed for the main purpose of establishing a powerbase of **control and exploitation of a country's government, industries, and resources**, and other institutions of use to further their imperialistic goals.

Deanna Spingola (Website: Spingola Speaks) may be the best internet source of knowledge of, and insight into the whole range of criminal actions of our government, corporate interests, and other ideological forces, in their quest to gain international power and resources to increasingly prepare for the establishment of total UN world control, of all human affairs--governmental, economical, military, and personal!

She uses the term **"false flags"**, for "choreographed" catastrophes. Such operations have been used for generations for various motives: seizure of additional land and natural mineral resources, acquisition of cheap labor, economic destabilization, depopulation of inhabitants, destruction of religions and political ideologies. A very important factor to realize is that the NWO cannot allow sufficient means for any nation to be able to resist, or overcome them!

The end goal, of course, is the establishment of political tyranny (socialism) by **consent or conquest**, through the use of various devious methods, i.e., 9/11 Twin Towers' demolitions, preplanned and carried out by the U.S. government, and the institution of the PATRIOT Act, and the Department of Homeland Security--questionably increasing government security, but definitely at the expense of personal freedoms. Note 2 (rev.)

Returning to the mystery of the "deafening silence" of limited reports and articles on the NWO subject, which is widely labeled by its insiders and supporters, as only an unfounded conspiracy "theory" by both liberal and conservative media, and other government, corporate, and academic politicians who would be expected to know what is going on in the world. But, who are **either brainwashed, or committed to secrecy** regarding the covert activities of the NWO movement!

The upshot being that their "blood", "death", or other brotherhood alliances take priority over Constitutional oaths, and associated solemn responsibilities, resulting in various treasonous acts against those of their country, who are the common, alienated, unprotected classes of humanity! In fact, most media programs, news organizations, talk shows, etc., are solidly fortified (dominantly controlled) against the subject of the NWO conspiracy.

An elite-owned media, i.e., the Fox Network mainly through talk shows, and cable television, can and does push propaganda, and outright manipulation of the news, or issues, by their own admission! How do they get away with it? Well, just listen to the following example. Fox reporters Jan Akre, and Steve Wilson were in the process of submitting whistleblower reports to the FCC accusing the Monsanto Corporation of the dangers of creating and producing BGH, Bovine Growth Hormone, a controversial substance, with serious health risk properties!

Fox News wanted the reporters to use Monsanto information about their products, and to revise their reports to conform to Monsanto's claims! Akre and Wilson would not change their report, and were subsequently fired! A trial court found that Fox was unjustified in its dismissal of Jane, and ordered her restitution! But, a Florida Appeals Court, overturned the trial court judgment for Jane Akre in her lawsuit, agreeing with Fox News that it is not against the law to distort, or falsify the news in the U.S.! How did it come about that the internet, and cable TV is exempt from the laws of the land? Certainly, there is no logical, judicious reasoning behind that anomaly! Just some more dirty politics, and twisted jurisprudence!

The Florida Appeals Court case handling lacks consideration of moral principles, and only a letter of the law interpretation. Regarding the FAC, saying that it is not against the law in the U.S. for a TV news program to distort, or falsify its news reports, it is further argued that an FCC rule governing "distortion of the news", is not the same as a law prohibiting it, which technically does not exist! Note 4.

The Fox News broadcasting operating system is quoted from a Huffington Post reader, as follows: "Fox News is on record in court stating that they do lie in their

content. Their chief counsel admits this, and says "so what?". It doesn't matter that we lie and obfuscate as a matter of course in our fake news company. The judge in Florida agreed this was fine". **Only on the Internet! But, why?** Underlinings, mine.

And it is also stated that the TV station, has a First Amendment free speech right to "lie", or give its opinion or editorial version of a news subject! Of course, they never inform the public, whether they are purposely altering or distorting a particular news matter, or not. Apparently that would be optional, and come under their idea of competitive privilege, or advantage.

Fox must consider themselves as mainly entertainers, not informative news reporters and discussers. Which raises a question about the O'Reilly Factor, where he says "the spin stops here". Might that mean that management has already put the slant they want on it before O'Reilly gets it? Fox Network employees receive their morning memo, a directive on how to present the news of the day. Roger Ailes, autocratic president of Fox News, has a throng of "journalists" and guests, who push right-wing propaganda, disguised as news." Note 5.

How far down the "progressive" road of "anything goes" have we gone? What about conscience, and principles of honesty and ethics, and implicitly the laws and commandments of God? "Modernists" obviously don't abide by the Constitution, but are they playing the Constitution's silence to their advantage, as a warped sense of tacit justification? So, what are most media's operating motives? What else, but **money, ratings, and corporate security?**

Also, any caller who broaches an opinion or question, regarding the NWO movement, is maligned and refused access to the talking heads, newscasters, etc., as they will not publically, or probably even privately, discuss the subject! Which makes them unwitting, unpatriotic fools in this political stalemate--with a virtual Damocles sword hanging over our heads!

More fundamentally at fault, they are committing a far greater disservice by denying those callers their First Amendment right of freedom of speech? By what ethical principle, or moral authority do they violate a bedrock Constitutional

provision for what should be an inalienable human right?

Thomas Jefferson said about free speech that, "Our first object should therefore be to **leave open to him (everyone) all avenues of the truth** (even opinions, theories, discussions, etc.)!" The Declaration of Human Rights states, "Everyone has the right to.....impart information (or opinion) through any media, regardless of frontiers (changes in culture, customs, situational ethics, etc.). The media should be sounding boards, not ideologues and propagandists. Let their editorial opinions and ideas compete with general citizens." That should include newspapers, books, magazines, radio, television; any form of media!

It is a disservice to democracy to exclude dissenting views of mutual interest and import. Let the readers, or listeners judge and decide." And, again from Jefferson, "**Error of opinion may be tolerated, where reason is left free to combat it**". For example, media exclusionary decisions, or policy is not justified by ownership, nor is denial of free speech by the administrative authority of a school, or teachers!

I listened to several recorded exchanges on the Alex Jones, INFOWARS website between Mark Dice, Bill O'Reilly, Glenn Beck and Sean Hannity. Dice specifically asked them about Bohemian Grove's annual event in California. And, like programmed responses, each of them took offense at being questioned about what they knew about the activities taking place there. They immediately responded by calling Dice a nut, and similar disparaging accusations as if he was a radical antagonist without foundation in his insinuations, and "theoretical" implications!

They each showed abnormal anger about the subject, making themselves look similarly suspicious. Surprisingly too, because they are in the business of looking into newsworthy activities, and reporting on their findings! So, a normal reaction to their obvious unwillingness to discuss the subject, raises serious questions about what is behind the mysterious meetings, and associated organization.

To me and anyone uninvolved with the secret, or private goings on in the ubiquitous, but obscure event, the retaliatory attacks by those so-called

"conservative" show people belie their professional credibility, and invite further inquiry and investigation into the massive coverup and denial of the dangerous, subversive activities that can have a devastating political and sociological effect on America, and the rest of the world.

As to the critical importance of the problem, the only safe recourse the U. S. has is to **withdraw from the UN**, and openly denounce and discredit the hegemonic organization! That is, if enough responsible people could ever come to their senses, which continues to appear unlikely after seventy plus years of intelligence-defying membership in the most potentially catastrophic, or chaos-causing organization the world has ever known!

Anyone who doesn't think that "the Devil is in the details", and in command of such a foreboding evil world-changing scheme, will certainly be convinced if it comes to be, but by then, it will be virtually impossible to recover from it

Other than cruel, inhumane plans for massive depopulation, the UN's (or the U. S.'s) purpose in sending troops to fight in foreign wars, is **intentionally done to create crises**, by killing thousands of military personnel and civilians, with the cost of the wars causing a financial drain in countries, necessitating loan indebtedness to the international banks.

Which creates a financial burden that they cannot repay--thereby having to give up possession of property, industries and resources. Lenin said that "The establishment of a central bank is 90% of communizing a nation". Or, as the ever-applicable saying goes, "follow the money" (and related power)! Note 3.

In 1952, Secretary John Foster Dulles said that, **"Treaty law (and the resulting UN Charter) can override the Constitution. Treaties can take powers away from Congress, and give them to the President!**" Note 3. Doesn't that explain what motivates and "authorizes" Obama's independent disregard of Congress, and self-acting issuance of directives and executive orders, practically at will. In fairness, he is not the only, or necessarily worst overuser of executive privilege, because George W. Bush supposedly issued more of such documents than Obama!

Of course, Obama doesn't want to publicize his wanton disregard of the Constitution, coupled with his adoption of the automatic right to use UN Charter authority! But his unauthorized adverse conduct speaks for itself, verifying his anti-American socialist agenda!

Despite all the UN rhetoric about international peacekeeping, the ruling elite has no compassionate desire to improve the lives of the common people, but quite the opposite, since one of their planned objectives is **to radically depopulate the world**, through various created crises (i.e. wars, plus genocidal actions, mass sterilization, and other inhuman means of re-shaping the world by certain austere evil changes (eugenics, etc.) controlling every aspect of mankind's forced subordinate existence. Even Hitler's obsessive superior race dictatorial ideology didn't extend globally!

Which is all part of the elitists' pipe dream to create a utopian, superior culture for themselves and select, exalted peers at the cost of the expendable common people who overpopulate the world, and consume too much of its resources!

Changing the subject to free trade, the following quotation from Deanna Spingola is informative: "The abolition of nationalism and borders under the guise of free trade has been the ultimate Illuminati objective since the late 1700's. Nationalists (except for the monolithic Zionists) believe in **reasonable tariffs that protect the nation's industry**. In fact, for the first 200 years tariffs were the only source of Federal revenue!

Free trade (unrestricted, or unconditional) is detrimental to a nation's wealth, and sovereignty, (creating huge trade deficits, unemployment, monetary destabilization, etc.). There is always the competitive, or wealth building incentive for a company to import products as cheap as possible, to maximize their profit margins, especially when coupled with ownership of the foreign producers.

CFR member, and Trilateralist Henry Kissinger wrote in the L.A. Times concerning NAFTA (free trade agreement), "What Congress will have before it, is not a conventional trade agreement, but the architecture of a new international

system.....a first step toward a **New World Order.**"

Free trade under the auspices of the World Trade Organization, is not accountable to any nation's laws and regulations! Why, then, would any patriotic citizen trade, or worse still, betray our sovereign free, independent government and way of life, for a worldwide failed socialist, totalitarian tyranny?

There are three plausible explanations for such one-world foolish, illogical, traitorous decisions being made: (1) Pledged loyalty, and subservience to a secret society, i.e., Skull & Bones, and Bohemian Grove, etc. where members are involved in brotherhoods of death, including blood rites, and Luciferian oaths--where they are sworn to worship the devil, as god, which is based on a twisted concept of the devil's words in the temptation of Adam and Eve, that, "In the day that ye eat (of the forbidden fruit), then your eyes will be opened, and ye shall be as gods knowing good and evil". Gen. 3:5.

Which is a negative consequence, not designedly good, as they think, but, denoting the loss of godly innocence and spiritual enablement, for the responsibilities and desires of life. That is, that fallen man (spiritually unregenerated) is left to his own devices, without the overseeing, guiding hand of God to ensure his success, and righteous fulfillment and enjoyment of life, subject to personal faithfulness to God!

Continuing from two preceding paragraphs ago: (2) Commitment to the one-world government objective of an elitist, meglomaniacal ruling cabal of predominantly international bankers, with the aid of NGOs, like the CFR, TC, and PNAC, and which is subject to the supernatural, mind-controlling power of Satan, overriding their natural intellect, whether they know it or not, and (3) all of which, is to them, an attainable utopian dream, near to fulfillment!

If there is unbelief, or out-of-hand rejection by readers, of the mind control factor cited in item (2), whatever else can rationally justify the adoption of the radical one-world government scheme itself, and then, maintain the relative secrecy, and withholding of public disclosure of the movement?

I don't think the human mind is naturally capable of such concerted control of information about the potentially world-changing effect of the long-planned plot to eliminate America's national sovereignty and independence. So, **something besides normal mentality** made the organizers change their minds from logical thinking, to a fantasy or otherwise irrational mode--so as to unconscionably conceive and perpetuate a nefarious, cruel, plan to savage and wreck the world that we have known, so that they can secure to themselves the complete power, and exclusive lifestyle of a world-controlling oligarchy!

In a larger sense, in scriptural context, **the NWO represents the desired, threatened kingdom of Satan**, wherein he believes he will be carrying out his blasphemous oath in heaven, that he would be "like the Most High (or God)", whereas in truth he will be, at God's appointed time, the Most Low (as in hell), having forsaken his exalted position as part of the heavenly hierarchy, losing his righteousness and immortality!

Rush Limbaugh, who may have coined the term, "low information voter", apparently doesn't realize that because he is an NWO supporter, and automatically dismisses the whole conspiracy movement as an unfounded "theory"--that he is doing a serious disservice to the American people.

There, again, does he knowingly suppress the copious information that exists of the "one world government plot", or is he mind-controlled with the myriad of others by the "god" of this world, Satan--which I believe is the only rational explanation for such a widespread coverup and silence of **the most crucial impending danger facing our country and the world today?**

Below are some of the names of famous, or well known figures that were associated with the evil conspiracy that traded America's sovereignty and independence--its autonomous nationhood--for a socialist, interdependent nation, subordinate to UN ruling authority, in every facet of life! Or, what a book by Friedrich von Hayden calls, "The Road to Serfdom".

As mentioned in the preceding paragraph, the following persons are listed who have been among the principal New World Order turncoats, as members of the

CFR, TC, and PNAC (acronyms are spelled out on Page 9). They are John Bolton, George H.W. Bush, George W. Bush, William Bennett, Zbigniew Brezinski, Jimmy Carter, Bill Clinton, Dick Cheney, William Cohen, Bill Kristol, Colin Powell, Steve Forbes, Gerald Ford, Robert Gates, Brent Scowcroft, Jesse Jackson, Dan Rather, Tom Brokaw, David Brinkley, Tucker Carlson, John Chancellor, Barbara Walters, Paul Wolfowitz, Henry Kissinger, Charles Krauthammer, Newt Gingrich, Alan Greenspan, Madeleine Albright, Diane Feinstein, Ruth Bader Ginsburg, Chuck Hagel, John McCain, George Mitchell, Rupert Murdoch, Nancy Pelosi, Norman Podhoretz, Dan Quayle, Harry Reid, Jay Rockefeller, Donald Rumsfeld, James Woolsey, Donna Shalala, Fred Thompson, Richard Nixon, Hubert Humphrey, Walter Mondale, Al Gore, and John Kerry. There are undoubtedly many more traitors involved in the betrayal of our country's sovereign independence, and national and personal freedoms!

Question: If one thinks like a socialist, and acts like a socialist, is he not a socialist? And, if a citizen owes allegiance to his country, what is treason but a violation of that allegiance? In fact, they typically call themselves "citizens of the world", subject to the **New World Order**, under the UN Charter, of which they are either signatories, or subscribers!

Every one of those people named above is marked by the stigma of betraying their country, which diminishes everything positive and beneficial that they might have otherwise done! No biography or account of their lives without full disclosure of their traitorous activities, would be honest, or complete, and deserving of any characterization more significant than recognition of the disgrace and dishonor of their treasonous disloyalties!

What greater crime against humanity can be committed, than to rob another man of his natural, God-given right to a fulfilling life of unrestrained opportunity, liberty, and the pursuit of happiness? Anything less is to varying degrees a violation of the "golden rule", and love to neighbors and others, that everyone is responsible for, and answerable to God, to live by! No class distinctions of society are exempt from engaging in the basic acts of humanity that everyone naturally is

responsible to extend to others, and likewise, deserves to receive!

Our society, governmentally, economically, and personally has morally degenerated, generally, since its historic inception as a constitution respecting republic, which by the grace of God allowed Americans to enjoy relatively peaceful and prosperous lives for most of our Two Hundred plus years of existence!

But, today, we are precipitously in danger of losing our sovereignty and independence, and becoming a slave nation to an amoral corrupt, ruling class of elitists who are evilly committed to their own greedy, power-mad cause! We still have the means to morally and legally separate ourselves from this tentative national and personal destruction, by withdrawing from the octopus control of the UN, or if necessary to mobilize against the powers that be, and recover our autonomy, and natural rights and freedoms!

And may justice be carried out against the treasonous statesmen, and their minions who are guilty of undermining, and giving away our homeland to the attempted cursed communistic takeover of the world! May God help us, though we scarcely deserve his grace and mercy, for all our unrighteous behavior, and irreverence and dishonor to Him!
