

9/01/19 update.

The Literal Truth Website
Table of Contents

1. Introductory Statement.

Excerpt:

On the surface, under the circumstances of the modern free will false gospel concept, dissension with the status quo, is met with strong resistance, and opposition. Especially, since probably as much as 95% of the universal church has a consensus belief, contrary to scriptural truth, that their gospel doctrine is right.

2. Doctrine of Predestination - Related Factors.

Note:

List from a church school course, based on the Calvinist literal gospel interpretation of scripture versus the conventional Arminian, liberal false concept, which is the church in general's position.

3. Disputing the Free Will Concept of the Gospel.

Note:

A polemic against the prevailing Arminian gospel misinterpretation. An example of Arminius's corrupted doctrine which is denial of (1) natural man's total depravity, and (2) his resultant inability to spiritually understand gospel doctrine.

4. Letter to a New England I.F.C.A. Pastor.

Note:

Rebuttal to "free will" gospel contentions.

5. Letter to Pastor R.S.

Note:

Reply to his questions, and remarks in connection with the gospel controversy with a New England IFCA pastor.

6. Letter No. 2 to a New England I.F.C.A. Pastor.

Note:

Response to the pastor's 12-point free will discourse.

7. Letter No. 3 to a New England I.F.C.A. Pastor,

Content:

Relative distinctions to support biblical literal gospel principles versus the false liberal views of the Arminian free will concept.

8. Letter No. 2 to Pastor R.S.

Note:

Discussion of 2 Peter 2:20-22 reference to apostasy, that is, false teachers, who profess salvation, but are not actually redeemed.

9. Principles of Marriage.

Excerpt (revised):

The intended permanency of marriage as instituted by God admits of no allowance for divorce, from its inception through all of time. Jesus never permitted, or sanctioned divorce in answer to questions from the Pharisees, and others.

10. A Discourse on the Principles of 5-Point Calvinism.

Note:

This commentary is written in refutation of Dr. John R. Rice's book: "Predestined to Hell? No!"

11. Contradiction to Rittenhouse's Book: "For Fear of the Jews"

Note:

To recognize the sins of Zionism, i.e., its intervention in God's plan of Israelites return to Jerusalem (as prophesied) is the balanced concern which we must be careful about. That is, to leave matters of Israel's judgment to God!

12. Modern-Day Church Persecution Targets.

Examples:

1. The true, perfect, holy God.
2. The true gospel, and other doctrines.
3. Divine, supernatural creation.

13. "As for God, His Way is Perfect."

Excerpt:

Any conception or opinion about God, that is uncorroborated by literal scriptural meaning of the subject, is foolish to contend about, being theoretical--however commonly held!

14. God - Eternal Lord and Creator.

Note:

Historical reference to God's majesty, and works of creation.

15. The Model Church of Acts.

Excerpt:

A commentary on the critical contrast between the original church, and the modern church.

Main subjects of the critique:

1. The long-neglected need of church reformation.

2. Identification of root causes of the problem.

16. The Facts of Life.

Notes:

Biblical revelations of the truth about God, and His creation of man, and animal life, the earth and the universe. Plus scriptural teaching relating to His control, administration, and plans relating to the world.

17. The State of Man, as Biblically Revealed.

Excerpt:

The article discusses the characteristics, conditions, events, and possibilities of life under divinely established scriptural revelations.

18. Hypocrisy of the Contemporary Church.

Excerpt:

Comments in the article are on acts (1) of the "flesh" (our old nature) versus (2) the "Spirit" (our new spiritual nature).

19. Thoughts on Creation vs. Evolution.

Notes:

Supernatural, self-evident creation by God, as determinable by:

1. Observation: of life forms, especially human and animal, and objects of nature, and phenomena of natural laws.
2. Logic of reasoning - about the intricacies of biological and physical features, and the wonders of the human and animal species.

20. Secularism vs. Christianity.

Excerpt:

"Christians today are facing a growing international movement against the fundamental truths of their faith, and ultimately against God Himself". Our nation is largely and increasingly secular, which is typical of most of the world.

21. Thoughts on Media Practices.

Question to media:

How free and unrestricted is your policy, and practice on news, op-ed opinions, letters to the editor, guest columns, etc.? In a secular society, shouldn't bad ideas, theories, etc. have the same academic, or philosophical freedom as good ones?

22. Absolutism vs. Relativism.

Excerpts:

Under absolutism, God is infinitely real, and existent, per scriptural revelation, and the spiritual knowledge, and experiences of Christians. Under relativism, per natural knowledge, or judgment, God is indeterminate, imaginary, conceptual, if indeed God is thought to exist.

23. Further Thoughts on the Calvinist/Arminian Conflict.

Excerpt:

1. Calvinism is the orthodox (literal) interpretation of the gospel.
2. Arminianism is the heterodox (liberal) misinterpretation of the gospel.

24. Characteristics of Arminianism.

Excerpt:

Faults of "free will" evangelism:

1. Philosophical premises (human concepts vs. scriptural truths).
2. Psychological practices (use of mental and emotional effects).
3. Theological conflicts (doctrinal contradictions, and confusion of principles).

25. J. L. Benson Book: "The Showdown".

Note:

Benson's system of interpretation follows the Kelley-Gabelein philosophy, which is based more on speculation of symbolic meaning of prophesied scriptural personages and events, than the more literal method of interpretation, as followed by the Dallas school, for example.

26. A Negative Critique of Contemporary Christianity.

Excerpt:

"There seems to be at least two major factors as to why people will not examine questions and challenges to their provably wrong beliefs: (1) a fear of finding out a negative truth about themselves, and (2) losing the false comfort of a majority consensus of beliefs.

27. Never Against Principle!

Excerpt:

If we would think more about biblical doctrine in the absolute sense that God meant it, we wouldn't be so apt to see it relative to our philosophical concepts (or, what we wish God meant)!

28. A Picture of the Church - The Way it is.

Excerpt (revised):

God's salvation principles are not subject to opinion, nor consensus, or any human conditional factors, but are absolute

revelations from God, whose decree of salvation is solely His work, which He carries out independently, at His appointed time;

29. What is the Church?

Excerpt:

Those who become Christians, are not so by human choices or acts, but divine. The plan of the Father, the execution of it by the Son, and application of it to the elect by the Spirit, is all a work of the triune God, sovereign and independent of any human or other external factors.

30. Why I Wrote my Commentary on the State of the Church.

To tell the church what it should know is wrong with its gospel doctrine. That is , what it is responsible to know first-hand from the related scriptures, but has instead "sold the truth, and bought a lie" Per Prov. 23:23, in effect.

31. The Anatomy of an Arminian Christian ("Free Will" Gospel Believer).

Excerpt (revised):

Tampering with God's word, and corrupting its meanings, is the result of not accepting particular doctrines in the strongest literal sense of the meaning of the words revealing them, is equivalent to not accepting God in the most authoritative, serious way that the scriptures represent Him!

32. Literal vs. Liberal Gospel Doctrine Controversy.

Excerpt:

Conservative Side - Original unified church belief of a literal meaning of biblical doctrine.

Liberal Side - Modern, radically modified (liberalized) gospel doctrine.

33. Political Profiles of Marx, Hitler, Castro and Obama.

Excerpt:

The phenomenal rise to power of certain political leaders, and the similar characteristics of Obama.

34. Mike Huckabee and Bill Maher Interview.

Excerpt:

Relative to Bill Maher's comment from his movie, "Regulus" that no one can know for sure that there is a God--Bill Maher cannot speak for everyone with any certainty, especially since he does not possess the spiritual understanding that comes with conversion to Christianity. 2 Cor. 5:17, "I am a new creation in Christ, etc."

35. "Will" Power Problem.

Excerpt (revised):

It is scripturally provable that believing the gospel, can only be done by a Christian after he is regenerated ("born again") with the Spirit by a direct, independent act of God, as a result of predestination.

36. "Christianity" Today.

Excerpt:

The controversy that has developed over the many centuries of church history, has been labeled Calvinism (for the literal scriptural gospel) vs. Arminianism (for the liberalized, unscriptural concept of the gospel).

37. An Allegorical Gospel Debate.

Excerpt (revised):

The typical faults of most of today's Christians:

1. Complacency with the status quo false gospel beliefs.
2. Presumption of gospel truth (due to ignorance, from neglect of study).
3. Satanic deception and control (by giving him access to their minds).

38. Duped by the Devil.

Excerpt:

The devil can get to us in many ways, if we (Christians) allow him to, but when we are unfaithful to God's word, by holding wrong interpretations of doctrine, we have opened the door to Satan continually--for as long as we maintain those false beliefs.

39. False Gospel Theology.

Excerpt (revised):

Since true gospel doctrine as revealed in scripture by God, has been largely neglected and rejected, why would the words of mere man, like myself, be heeded, no matter how accurately they convey that truth? Can man speak better than God? No!

40. Constitutional Conflicts.

Excerpt (revised):

Politically conservative, but biblically liberal! This contrasting classification no doubt would offend most Christians today. Yet, they have not proved their free will gospel interpretations, because they cannot be validated.

41. An Identity Crisis.

Excerpt (revised):

In the original church at Jerusalem, established by God, through Jesus and the apostles, there was complete unity (oneness of heart and mind). That is, perfect mutual indentity (unanimous agreement) with the Lord, His word, and each other.

42. Reply to Anti-war Activist Comments.

Notes:

Just as it can be wrong to be too hawkish about possible mortal conflicts, it can be very unwise, and risky to be too dovish. "Peace through strength", rightly used, is a good deterrent to hostile threats.

43. Baseball. An Institution Gone Awry.

Note:

It's an insult and an offense to the millions of sports fans, gouged by media and sports team owners for excessive ticket costs, concessions, and worst of all, players' exorbitant salaries. And, then for consumers in general and fans to have to pay undisclosed but extremely high TV advertising fees, which is nothing less than robbery to satisfy the owners and players insatiable greed, including elitist lifestyles.

44. Calvinism vs. Arminianism - Historical Factors.

Excerpts:

Calvinism's gospel doctrine history began with the first church in Jerusalem. It's beliefs are the literal salvation principles, known as the "apostles' tradition".

The Arminian, free will gospel misinterpretation has a specific historical connection with Pelagius, a British monk, in the third century, who openly dissented against the scripturally true gospel.

45. Commentary on George Zeller's Article, "For Whom Did Christ Die?"

Excerpt (revised):

Taking issue again, after a 30 yr. hiatus from correspondence with brother Zeller, on the subject of his propagation of the Arminian concept of the gospel, which maintains an impossible component of natural human free will ability to respond to the gospel.

46. A Brief Statement on Natural "Free" Will.

Excerpt:

Free Will - Adam had it, and lost it, at least temporarily, along with every other pure, or innocent component of his makeup, when he disobeyed God's specific command not to partake of the forbidden fruit of "the tree of the knowledge of good and evil". Which, by so doing he forsook the sinless, immortal life that he, and we, would have had, if he had partaken of the fruit of "the tree of life" instead. Free will, therefore, for natural man is a misnomer, especially as it relates to spiritual things, including salvation!

47. Calvinist/Arminian Gospel Controversy Factors.

Notes:

1. Calvinism speaks for God's word.
2. Arminianism speaks against God's gospel truth.
3. Calvinists testify as students of God's gospel principles, etc.

4. Arminians are self-appointed judges and revisers of God's gospel principles.

48. A Poetic Critique of The "Free Will" False Gospel.

Excerpt:

Just as Satan, and Adam and Eve
Chose to disobey God's will,
So, too, have millions of Christians
Who, regarding the Gospel, are unfaithful still.

49. A Deluded Church.

Excerpt (revised):

A church world indoctrinated with a perverted gospel is the epitome of Christian delusion, having allowed Satan to captivate them with his lies!

50. Q and A Profile of Satan's Gospel Influence.

Q. What is the most effective way for Satan to draw Christians away from God?

A. By getting them to believe a false interpretation of God's word, which he has done with the Arminian false gospel concept.

51. The Bad Roots of Today's Contrived Gospel.

Excerpt:

The Neo-Evangelical factor: "In general, one who has taken a "lower view" of scripture (that is increasingly less literal, or less conservative) and has developed a more inclusivistic spirit of liberalism....etc." Parenthetical portion added from the website rapid.net.com.

52. Debunking the Myth of the Contemporary Neo-Gospel.

Excerpt:

Regarding the heretical gospel concept, of most of today's church, it warrants words strong enough to expose and castigate it for what it is: a betrayal of trust, by dishonoring God's gospel, and causing the church's downfall. See Rev. 2 and 3.

53. The Devastating Result of Believing a False Gospel.

Excerpt:

To be in doctrinal error, i.e., about the gospel, puts one at odds with God, that is, out of fellowship with Him as long as the misinterpretation of His word continues. Such a matter is far more dishonoring and offensive to God than the ones in error ever seem to be seriously concerned about, or they wouldn't risk even the possibility of it.

54. The Decline of Faithful Christianity.

Excerpt:

In light of the damage that a corrupted gospel belief has done, by virtually destroying the integrity of the church, it needs to be exposed for the work of the devil, and the unfaithfulness of most of Christianity, that it is!

55. Natural and Constitutional Right to Bear Arms.

Questions to consider:

1. How does an individual, or country prepare in advance for possible threats to their freedom, security, and their lives?
2. Does there not have to be means of self-defense or survival reasonably equal, or superior to the degree of possible assault, or

existential danger?

56. A Present Day Application of the Declaration of Independence.

Examples of causes:

1. Acts of turning the republic into an oppressive, socialist form of government.
2. Opposition to enforcing border security, and immigration laws.
3. Ignoring the majority will of the people, and misguiding Congress into establishing a National Health Insurance mandatory plan, with burdensome, and untrue provisions, etc.

57. God in the "Image of Man".

Excerpt:

Whether intentionally, or ignorantly the conventional version of the gospel, is an intellectual perception, or a corrupt concept of the real gospel.

58. A Discourse on the Subject of Free Will.

Excerpt:

Evidence abounds that most Christians live mainly according to the ways of the "old man" vs. the "new man--or in the flesh instead of the Spirit."

59. Social Bias and Political Partisanship.

Excerpt:

Racial, and other mental filters paralyze logical, objective thinking!

Which could be added to as follows:

Subjective predispositions can adversely affect decision making judgment, and actions taken.

A spiritual parallel could be i.e., a false gospel belief prevents spiritual growth.

60. Arminian (Free Will) Gospel Distortions.

Excerpt:

Prevailing false gospel assumptions:

- 1, Complacency with the status quo false consensus.
2. Presumption of gospel truth (due to ignorance, from neglect of study).
3. Satanic deception and control (by giving him access to their minds).

61. A Consolidation of Author's Commentaries.

Excerpt:

Most of the universal church doesn't know that their gospel doctrine is scripturally wrong. Which is, because of an overwhelming mass agreement to an unsound interpretation of the subject. They foolishly think that they are the vanguard of gospel truth, but instead are a mockery of it.

62. Justice and Judgment.

Note:

God's standard, or rule of living for man is established in His perfect righteousness, which cannot allow unjudged sin, and for those predestined by Him for salvation, their deserved judgment was atoned for by the crucifixion of Jesus Christ, their Savior!

63. Be Careful What You Say and Sing.

Excerpt:

"Tis so sweet to trust in Jesus--just to take Him at His word". How

can one sing that line when he has not literally taken Him at His word in the true gospel?

64. The Controlling Forces of Life.

Excerpt:

The effect of the words in the title above, is that man's life is continually subject to either God's control, at His will, or to Satan's influence and action, at his limited will.

65. God - Creator and Administrator of the Universe.

Excerpt:

From direct observation alone of everything in nature, it can easily be concluded that everything exhibits supernaturally designed creation, which is a science definitely established by the "light of nature", and logic.

66. "Intelligent Design" - Proof of Creation.

Excerpt:

A famous etiologist said, "The essence of life is a statistical improbability on a colossal scale ." To which, he adds, in his elitist arrogance, "It is absolutely safe to say that if you meet someone who claims not to believe in evolution, that person is ignorant, stupid, or insane." To which, I would say, If you meet someone who doesn't believe in such a fantasy, that person is quite sane and intelligent. I would add a further question, "What is there, in evolution, to believe in?"

67. Calvinism and Arminianism - Comparative Interpretations.

Note:

Regardless of the preponderance of the Arminian liberal gospel

belief, the Calvinist literal gospel truth stands on its own credibility, established by God, whether only one person believes it, or millions!

68. If I Regard Iniquity.

Excerpt:

An Arminian (free will) Christian, with wrong gospel beliefs, is not walking in the Spirit! Having been indoctrinated with false gospel doctrine, he is continually guilty of "regarding iniquity in his heart". And, as the rest of the verse says, "the Lord will not hear me."

69. Gun Ban Attempts: Threats to Freedom and Survival.

Excerpt:

The specious reasoning, and twisted concept of gun ban advocates contradicts the fundamental instinctive natural first law of life, which is self-preservation.

70. Milk and Meat Controversy.

Excerpt:

Dr. Verma of dailymeal.com's categorical classification of milk containing acidic animal protein as harmful for human consumption, has little credibility against the bible's statement of, "A land flowing with milk and honey", being a natural, positive benefit to mankind, and animals.

71. Unlike the Faithful Berean Christians.

Excerpt:

Instead of proving to themselves and believing the literal gospel, a universal consensus of Christians today, has let them be deceived by the teaching of a perverted interpretation of it, thus causing

almost total degeneration of the worldwide Christian church.

72. The Arminian "Gospel" Effect on Today's Church.

Excerpt:

The first transgression in Eden brought mankind under the "law of sin and death", and the second great disobedience is the defection of believing another gospel, corrupting most of the church established by God.

73. The Lonely, but Edifying Road of Truth.

Excerpt (revised):

Revelation prophecy about end-time degeneration that describes most of the current church is a sad commentary that does not show any major repentance, and reformation to occur, reflecting a comparative minority of true gospel believers.

74. Spiritual Blindness.

The intervention of false gospel teaching by the British monk, Pelagius in the second and third centuries cast the die for the historical departure of the church from the traditional literal gospel. that the apostles gave to the early churches.

75. Satan's Temptation Strategies.

Excerpt:

Despite the cruel suffering that Satan caused for him, Job worshipped God, and said that "The Lord gave, and hath taken away; blessed be the name of the Lord". In all of this: grievous afflictions, loss of loved ones, etc., "Job sinned not, nor charged God foolishly."

76. Predestination Extremism.

Excerpt:

A quote from Wikipedia reads, "Christians who follow teachers such as John Calvin generally accept that God alone decides the eternal destination of such person, without regard to man's choices, so that their future actions, or beliefs follow according to God's choice." That statement is the extremism referred to, which is nothing more than unwarranted philosophical speculation; even heresy!

77. Bob Kerrey, Newsmax Article - Open Letter.

Excerpt:

Bob Kerrey's 3/31/14 criticism of Obama's health care fiasco, deficit spending, and economic government stimuluses, implying them to be failed policies are points well taken, especially from a fellow liberal, but then he indicates he would still vote for him. What else is that, but party politics?

78. Glenn Beck, and the Mormon Cult.

Excerpt:

For a religion that claims to hold Bible truths, it espouses the most divergent, contradictory doctrine I have ever encountered. And, therefore, I can hardly believe that when questioned as to whether he believed that Mormonism is a cult, Liberty Baptist's Rev. Falwell simply said that he did not! I can't imagine his father ever saying that!

79. A Cry for Impeachment.

Excerpt:

A list of 64 impeachable offenses committed by President Obama, was compiled by Internet Archive, in 2010, not including further offenses thereafter. Which, of course, came to naught!

80. The Christian World's Most Devastating Deception.

Excerpt:

The Arminian "free will" plight, of which most of the church is ignorant, was foisted upon them by Satan, through pastors and others, who themselves had irresponsibly believed the false gospel concept.

81. Historical Notes on the Israeli/Palestinian Conflict.

Excerpts:

1. Zionism is an illegitimate transformation (betrayal of principles) from religion and spirituality into a secular movement and culture (in the nineteenth century in Europe). _

2. By which ideology, Zionist Jews have committed grievous mortal evildoings in their cruel treatment of the Palestinian people, and other people of the world.

82. A Critique of the Orthodox(?) Presbyterain Church.

Note:

The extreme, extra-biblical, imaginary belief that God continually causes and controls everything in the universe, including all human thoughts and actions, is ridiculously unscriptural, and illogical.

83. "New" Calvinism. Not!

Excerpt (revised):

All scriptural doctrine is a complete science in itself, as with the gospel, that was imparted by God, through Christ and the apostles to the original church at Jerusalem. It was to be perpetuated faithfully, intact, throughout church history. But, which has not happened, because of the church's unfaithfulness, primarily to the gospel, to its shame! Scripturally true Calvinism cannot be modified!

84. A Captive Market Exploitation.

Excerpts:

The sports industry is a major exception to the free market institution, or a worse case of the corruptions of the system! The media/sports monolith is guilty of insatiable greed, and financial abuse of fans and consumers (through excessive advertising charges, and prices of games and concessions).

85. Exposing the Fallacy of Today's Man-Made Gospel Concept.

Excerpt:

Thorough devotion to God and His word is rare! To their shame, the great majority of Christians have not learned the literal meaning of gospel doctrine, and scarcely even try to prove their gospel assumptions.

86. Flesh and Spirit.

God says to Christians, "Walk in the Spirit (the new nature) and ye shall not fulfill the lusts of the flesh" (the old nature). Or, "Put off the old man with his deeds, and be renewed in the Spirit of your mind, and put on the new man".

87. The Christian Church - Religious, but not Spiritual.

Note:

The fact that most of the contemporary church believes in a "free will" concept of the gospel, which is scripturally wrong, means that they are unfaithful to God, and out of fellowship with Him!

88. Same Sex Marriage.

Excerpt:

How does the same sex marriage defendant Ted Olesen justify his defense of the biblically specific immorality of homosexual perversion, whether he is of that orientation, or bisexual, or an ultra-liberal Christian on the subject--and not really a true conservative believer, as he is reported to be?

89. The Obama Mystique Exposed.

Excerpt (revised):

A full-fledged socialist conspirator, Obama moved up from a Chicago community organizer, to a "national disorganizer", and controller (would be king, and dictator) by various means of audacity, deceit, and subversion.

90. U. N. Charter ("Socialist Manifesto") Commentary.

Excerpt:

The only sovereign power left in the world, is in the United Nations Security Council, and will not be affected by any member nation votes, or offered or solicited agreement.

91. "A Minute with God" - Email Critique.

Excerpt (revised):

A large majority of Christians have spent their entire Christian lives following "another" God, an imaginary, tainted image of the

real God, by believing a false interpretation of biblical gospel doctrine, and ascribing their foolish ideas to God!

92. A Test of Works.

Excerpt:

A true analysis of the status of Christianity today, is that the church is in shambles--no matter how it looks superficially. "Shambles" per Webster's Dictionary is: "a condition of great destruction, and disorder" (i.e., the result of corrupt gospel doctrine). In other words, having bought the lies of men, and the devil, and daring to call it the truth.

93. Decline of the Christian Church.

Excerpt:

The controversy that has developed over the many centuries of church history, has been labeled (1) Calvinism (for the literal truth of the scriptural gospel vs. (2) Arminianism (for the liberalized unscriptural interpretation of the gospel).

94. The New World Order - Global Empire.

Excerpt:

The Neocon practice and process is intervention and imperialism, with the ultimate goal being a U.S./U.N. global empire under the tyrannical control of a cabal of international bankers, and other associated elitist conspirators (i.e., megalomaniacs).

95. New World Conspiracy - Reality vs. Theory.

Excerpt:

I had previously written a critical article about the UN/Charter by which the U. S. Government signed over our national autonomy

(sovereignty, independence, and freedoms) to the NWO gluttons and gobblers (like the cartoon Pac-Man), or the ruthless, self-enriching powermongers, or the "elite ruling cartel" of the New World Order.

96. The Two Faces of Human Relations.

Excerpt:

The backbiting practice of gossiping can be summed up in one sentence, "things said about others that we wouldn't want them to hear, and that shouldn't be said to someone else". Not even asking them for prayer. which is a dishonest excuse!

97. Truths, and Half-Truths.

Excerpt:

All of the evangelistic ministries in the world, however seemingly successful, which incorporate any aspect of the "free will" false concept of the gospel, are unapproved and rejected by God. Because, salvation is entirely a work of God, independent of any human action.

98. Suggested Names for the UN/NWO Takeover.

Excerpt:

The American supporters of the UN/NWO who signed the 1945 treaty were treasonous traitors, who willfully and purposely surrendered the sovereign, independent nationhood of the U. S., thereby consigning the country to an interdependent slave nation member status, subject to the autocratic totalitarian control of the ruling Security Council of the U.N.

99. NWO Conspiracy - Media 1st Amendment Violations.

Note:

What justification can the media have for shutting off those who try to discuss the NWO conspiracy movement, by calling them mere theorists, and denying them audience or voices on the subject? Especially when some of the media representatives claim to be conservative constitutionalists!

100. President Trump - UN Assembly Speech.

Note:

Judging by the UN supportive speech he made to the General Assembly in Oct. or Nov. 2017, the President as well as many other national leaders, and responsible political figures apparently are mysteriously uninformed of our capitulating national complicity with the UN.

101. The "Old Man", and the "New Man",

Excerpt (revised):

Regardless of gospel doctrine facts, in most of today's Christian churches a liberal spin is put on them, turning the truth into false assumptions, or radical conclusions--based more on subjective, wishful thinking than devotion to the truth!

102. Sexual Obsession, and Resulting Offenses.

Note:

When immodest dress is more common than ever, and the sex factor (by design) is apparently in style, the situation is over the line, and causing increased mental and physical temptation. We are, in other words, playing with fire, and many are getting burned by it. And, without some serious restraining efforts, the

trend may get out of control, and it will only get worse, and a lot of lives could be damaged, and possibly ruined.

103. 9/11 World Trade Center - Staged Tragedy?

Excerpt:

The U. S. Government account, special investigation notwithstanding, of the WTC catastrophe completely defies the only rational scientific explanation of the overwhelming evidence of a criminal act perpetrated by our own government. No one else has the resources, wherewithal, and access to put in place, and carry out the meticulously devised, arranged, and controlled demolition plan.

104. A Closer Look at the Modern Church.

Excerpt (revised):

"Continuing on through the Christian life, perpetuating and reinforcing the human adulteration of God's precious word, particularly the gospel, which is the doctrinal foundation of a Christian's life, may be the most damaging sinful fault that Christians can commit."

105. Creton vs, Evolution - Supplement.

Question:

How can an intelligent being (human or animal) be produced by an unintelligent source, or things of nature contain intricate design and details, without a purposeful super-intelligent creator?

106. "That Form of Doctrine - Delivered to You."

Note:

The conventional, but false gospel concept, which a large majority

of the universal church believes--is a product of the natural, unspiritual mind, which scripture tells us, cannot know the truth, because the natural mind cannot discern, or understand spiritual things. 1 Cor. 2:11-14.

107. Jessica Tarlov - Comment on Hilary Clinton.

Excerpt:

Only a liberal Democrat party sycophant, not a discerning, conscientious vote could ever trust such an amoral, corrupt, if not evil Socialist person like Hilary Clinton to honor our Constitution, and fulfill the required oath of office for the presidency of our country. Her ideology? Whatever Socialist subversive strategy works!

108. Charlotte Iserbyt - "ABC's of Dumb Down".

Excerpt (revised):

Mrs. Iserbyt was widely recognized and cited in conservative circles for her wisdom, and excellent knowledge of information relating to our national education history, and its attempted and partially accomplished communistic educational corruption in America over the past 50 years.

109. Economics Systems - Domestic Production vs. Free Trade Importing.

Excerpt:

A nation that can and does manufacture its own products affordably to consumers, and profitable to the owners, secures its economy, and independence, but free trade importing is detrimental to a nation's prosperity and wealth.

110. Fox News Questions.

Note:

Per Bill Hemmer and Dana Perino interview Oct. 5. 2018, with a woman from a "Constitutionality" organization: How does she qualify as "constitutional", when she spoke critically of Judge Kavanaugh, without any substantiating evidence? And why didn't you question her, or comment to the audience on her false diatribe?

111. NWO Conspiracy Role Players.

Note:

Names of neoconservative war hawks associated with secret societies (brotherhoods); some committed to Satan. Included are: Newt Gingrich, Dwight Eisenhower, Herbert Hoover, Theodore Roosevelt, David Rockefeller, Henry Ford, Mark Twain, Colin Powell, and many others.

112. America's No.1 Problem.

Note:

The New World Order, represented by the UN, signifies the most impending existential (political, national, and social) threat facing our country today. Wherein, our country, since a 1945 treaty signing with the UN, has become a slave nation member, subject to the conditions and requirements of the UN Charter (a "Socialist Manifesto" document).

113. Nothing but Treason.

Note:

World History is full of cruel, aggressive actions of regimes, and

administrative and legislative abuses of power and privilege, much of which was camouflaged, and blamed on other countries. The United States is no exception!

114. Hijackers of America.

Note:

The 1945 U. S. treaty agreement with the U. N. officially replaced our Constitution with the U. N. Charter, which could be called the "Communist Manifesto II". It ignorantly, but irresponsibly abdicated our national sovereignty, authority, and political and social freedoms! In exchange, we became an interdependent, slave nation without even voting power.

115. A Worldwide False Gospel.

Note:

Believing a misinterpreted, wrong concept of the gospel, which most of the universal church is indoctrinated with, gives those Christians a wrong concept of God, and hence, unfaithfulness to the true God.

116. Church History Critique.

Note:

What went wrong, and who is to be blamed for the false gospel belief that corrupted the churches, from about the 3rd century, and continuing (unreformed) to the end-time church, as prophesied in Rev. 2, and 3.

117. Famous Quotes.

Note:

A particular quote, and maybe others from a certain intellectual named Henry Kissinger, are not always to be adopted, or emulated. For example, on the subject of truth he said, "It is not a matter of what is true, but what is perceived to be true". Like the baseless theory of "evolution"?

118. Muslim and Jewish Religions.**Questions:**

1. Is the Muslim religion, and belief really peaceful?
2. What is the authority, or guidance value of the Talmud vs. the Torah?

119. Government Double Lives.**Excerpt:**

"Highlighting some of the serious faults, and unConstitutional actions of various Presidents, and other key officials, serves as specific exposure of their duplicitous conduct, over much of our modern history."
