Virus and Flu - Facts and Theories

To start with, there is a **general major misconception about both viruses and flus**. In my research of conservative studios, which are rare, I am convinced that their analyses and explanations of virology (a subfield of microbiology) are the only logical accounts of the controversial information that exists on the subject.

The Zionist Jew Movement

A driving force behind the formulation and promulgation of virus information and programs of restrictive "attempted" management and control of the "disease", is **not primarily medical, but political, that is "globalist ideology"**. The identifying organization is the OWG (One World Government) conspiracy movement, under the control and direction of a worldwide cabal, or oligarchy of megalomaniacal Zionist Jews, who according to their historic elitist, haughty claims are the "Superior Race".

The hierarchy consists of **international "banking controllers"**, headed by the English Rothschild family, in cooperation with the Rockefellers of America. Quoting from my website article, "Covid 19 Vaccine Notes", a further reference to the Zionist Jews history identifies them as non-religious, secular terrorist Israeli elitists, who in effect think they own the world! **They consider all other nationalities (Gentiles) to be practically a subhuman species, and describe them as "dogs", and "pigs"**.

Their two-plus centuries conspiracy to take over the world, like self-appointed "Gods", includes a diabolical genocide plan to reduce the world population by as much as 7 billion people, leaving an approximate 500 million selected minions, and servants to perform the self-serving desires and orders of the pompous Zionist Israelis. Which inhumane action is extreme terrorism!

Again, from my cited website on Covid 19 Vaccine, they, like the Old Testament Pharisees, flaunt, and take advantage of their assumed racial superiority. Their quest for global power, and control, centers on financial prowess relating to starting wars among nations, and establishing central banks to loan money to those countries, which they cannot repay, thus impoverishing them, and possessing their industries and assets, making them slaves to the Zionist Jew empire, creating further UN hegemony for them!

Why is it, then, that the world is apparently unaware or ignorant of the immoral, egregious character of the ruling class of Israel? Especially, when they admittedly hate Gentiles (all non-Jews) with cruel vengeance, and ultimate plans for their extinction?

As graphically revealed in the TV ads of poor Jews in destitute need of the necessities of life, it is obvious that the high class Zionist Jews do not care about the dire poverty of those victims, because they have the financial means to fully provide for them! What a mockery that is, of Israel's abundance of national wealth, to allow a shameless appeal to the rest of the world. for charity,

for their own people!

Some of the answer for the unconscionable conduct lies in false propaganda, especially of their Biblical "chosen race" history, and the world not daring to contend with their "favored" status, including charges of anti-semitism, which, however, is justified by their criminal actions!

Satanic Power and Influence

But the problem goes much deeper than that. It is clearly indicated in such scriptural references as Eph. 6:12, which states, "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places".

While, unfortunately, most people seem to pay little or no serious attention to the word of God, it is at least to be noted that the scriptures show that the devil (Satan) has a ruling influence and effect on the majority of the world's population, who are not actual Christians! And, as the Bible tells us, the devil (as Lucifer) was originally the highest ranking angel in heaven, and closely associated with God!

But, he rebelled against God, and along with several threatening statements about his desires and ambitions (Isa. 14:17), he said, "I will be like the most high". He was banished from heaven, and on earth he has set about establishing his own kingdom!

There are two opposite spheres of people on earth. (1) is

identified as under the "law of the Spirit of life, in Christ Jesus", or Christians, who are spiritually regenerated persons, and the other group (2) is under the domain of the "law of sin and death", since the fall of man in sin, which includes all who are not actual Christians, that is they were not predestinated by God, to become Christian believers!

There is an ongoing enmity and adversarial clash between the two factions, but both are under the absolute control of God, subject to His will, including Satan with limited powers; he being eventually subject to final judgment and condemnation by God!

The gist of what I have written here, is to explain something of the reality, that the world does not exist or operate in a vacuum, but is perpetually administrated by God, according to His infinite powers, and completely comprehensive independent will. Or, as the hymn writer has penned it, "This is my Father's world".

Otherwise, there is no real answer to some of the mysteries that happen in the world. But, they are only mysteries to man, not God, ever!

Another glaring obviously intentional omission in the liberal, unscientific presentations of viruses and flus, is the absence of any significant recognition of lab analyses and tests that have been conducted, which verify and establish the conclusive proof that **no contagen has ever been detected to support the contrived argument that the coronavirus or any other virus is transmissible, or communicable as spuriously contended by the proponents of**

the false theories!

Debunking the "Germ Theory"

A very interesting, conclusive study of the traditional "germ theory" has exposed it to be not only unprovable, but scientifically impossible! .How much do scientists lie to perpetuate their false suppositions and theories? How many expensive grants' unsuccessful attempt to prove or develop an idea, get foisted onto the world scene, to recover the investment cost of the failed study?

"The 'Germ Theory' is based upon Louis Pasteur's fraudulent work, and which has dominated virology for the last 160 years." Medical doctors are working on the germ theory of disease.....but the theory is already weakening and is due for being thrown aside. Dr. Fraser of Canada, and Dr. Powell of California have experimented with billions of germs of all varieties, but they have been unable to produce a single disease by the introduction of germs into human subjects, Dr. Waite tried for years to prove the germ theory, but he could not do so."

"During the World War, an experiment was conducted at Gallop's Island Massachusetts, in which millions of influenza germs were injected into over 100 men at the Government hospital, and no one got the flu! Germs are scavengers", Principles and Practice of Naturopathy. E.W. Cordingley, M.D.

"We agree with those members of the profession who hold that no germ causes tuberculosis. "Germs do not cause any

disease". Further, we agree that there is more harm in the fear of germs, than there is in the germs themselves!" (That being toxic effects). Timely Truths on Human Health. Simon Louis Katzoff, M.D. 1921.

"We must look rationally at the bacterial issue. Consider the historic fact that many tribes ate primarily unsalted raw meat, unsalted raw fats, and/or unsalted raw dairy products, from the beginning. They did not wash their hands, or sterilise their food before eating. Every form of natural bacteria, including salmonella, E. Coli, and campylobacter were eaten with their food abundantly and constantly. Why were they vibrant, healthy and disease free, if microbes are the culprits?" Aajonis Vonderplanitz (1947).

"Germs cannot be the cause of disease, because disease germs are also found in healthy bodies!" 'Nature Cure', H. Lindlahr, M.D.

This presentation is a highlight summary of the 200 yr. history of virus facts, and false theories. As I have elsewhere advised, I recommend the careful reading of websites of the thoroughly logical knowledge learned and compiled by the conscientious, enlightening sociologists, John Scott, and Thomas O'Bernice (the Bernicean).

(Includes various quotations from the noted sociologists).
