Career Counselling

Discover Your Career (DYC) is a consultancy firm based in Nairobi, Kenya and the leading career guidance service provider in East Africa. DYC is driven by the need to see all Kenyan youth discovering and maximizing their potential through early mentoring and proper career guidance.

The following workshops will be offered during the show

1. Self-Awareness

Career activities begin with knowledge of self. Self-awareness helps in identifying interests, skills, and abilities which will align to careers one can possibly enjoy.

2. 21st Century essential skills

These are the competences that help a person perform tasks. They are essential for every career in today's workforce.

3. Character competencies I, II and III

These are essential social and personal qualities that every worker needs to have.

4. Career pathways in TVET

These are groups of course and support services that enable students to advance from one level to another in their education and training

5. Role of parents and teachers in career guidance (for teachers and parents)

Parent and teachers play an important role in supporting their children's career decisions. The idea is for them to support rather than impose career decisions.

Venue: Discover Your Career Tent
