

Greetings...!!

Adaptis is established in August 2020 and headquartered at Panaji, Goa, India. We offer customizable and professional ANDA parking service to generic industries.

As the pharmaceutical manufacturers are facing an increasingly competitive environment and they are seeking out opportunities to reduce production costs without negatively affecting the quality of their pharmaceuticals. In virtue of this, companies are always in search of different ways to reduce cost and save money for future endeavours. We at **Adaptis** trying to play active role in this movement.

By understanding above charts, it is worthwhile especially for a company in the small and medium size operation tiers and perhaps one or two in the large size operation tier, seeking a way to potentially save significant program fees. We are here to help you.

Adaptis is ready to help generic pharmaceuticals manufacturers bear the financial burden of compliance with the FDA's GDUFA III fees by rationalizing their portfolios and realize significant cost-savings.

Adaptis has clear cut understanding of regulatory requirements for approved ANDAs. We have vast experience of dealing with all the post approval USA regulatory (RA) and pharmacovigilance (PV) compliances required for approved ANDAs.

If you are interested in cost reduction program, please feel free to reach out Adaptis.
