ADD A PROXIMITY (PUSH BUTTON START) KEY (6)	\$220
IF ALL KEYS ARE LOST ADD (7)	\$100
MERCEDES SPRINTER ALL KEYS LOST	\$200

1. MOST PCM, BCM/S/B, IPC, and PATS modules require 2 FACTORY keys when programming replacement modules.
2. BCM/SJBs usually require 2 keys, 2 remotes, and 4 functioning TPMS sensors.
3. Some Immobilizer related modules (PCM, BCM, IPC, WCM, WIN, ETC.) REQUIRE Driver's License and Registration/Insurance of owner to process the procedure, or to acquire the PIN code. \$50 ADDITIONAL CHARGE is also required.
4. MANY replacement WCM, WIN & SKIM modules require NEW keys as the old keys will not reprogram to a new unit.
5. Some programming events require multiple modules and are charged at \$50 for each additional module or \$150/hr after 1* hour, whichever is cheaper. BMWs require the whole car to be updated and may take several hours.
6. May REQUIRE Driver License and Registration/Insurance of owner . \$50 ADDITIONAL CHARGE.
7. ALL KEYS LOST ALWAYS REQUIRES DRIVER LICENSE AND REGISTRATION/INSURANCE OF OWNER.
