A Message from the FBT President

Happy New Year!

We at Floridians for Better Transportation (FBT) are off to a great beginning for our year-long recognition/celebration of 30 years of “moving Florida forward”! Our “Reboot” has been completed, and if you haven't seen our new website, then check it out now at www.bettertransportation.org! This marks the first of the bi-weekly e-newsletters you will be receiving from FBT. Your time is extremely valuable, and we will honor that with fast-facts and relevant news to keep you apprised of transportation industry issues, legislative briefings and upcoming events. If you have a transportation event of statewide interest that you would like to have included in a future update, please send it to me at spatrenos@bettertransportation.org.

GETTING TO KNOW YOUR LEGISLATORS

While it is important to know all legislators, these are the ones who will be shaping any potential legislative additions/changes to our Florida Statutes relating to transportation and mobility choices. If you don't know them already, now is a great time to get acquainted!

Mixed Signals on Infrastructure Plan

President Trump expressed misgivings about his administration’s infrastructure plan Friday at Camp David, telling Republican leaders that building projects through public-private partnerships is unlikely to work — and that it may be better for the
2018 Legislative Session: Cracking Down on Texting & Driving

Support is growing to make Florida the 46th state in which texting while driving is a primary offense, meaning that police could stop and ticket motorists for that reason alone.

Civil Engineers Support New Senate Bridge Bill

Just-introduced legislation from U.S. Senate Democrats that would pour $75 billion over a decade into a new competitive grant program for repairing the nation’s structurally shoddy bridges has received overwhelming support even before being assigned a bill number.
