

"MOVING FLORIDIANS FORWARD FOR OVER 30 YEARS"

FLORIDIANS FOR BETTER TRANSPORTATION...

...was originally founded in 1988 as a private sector advocacy group to support transportation.

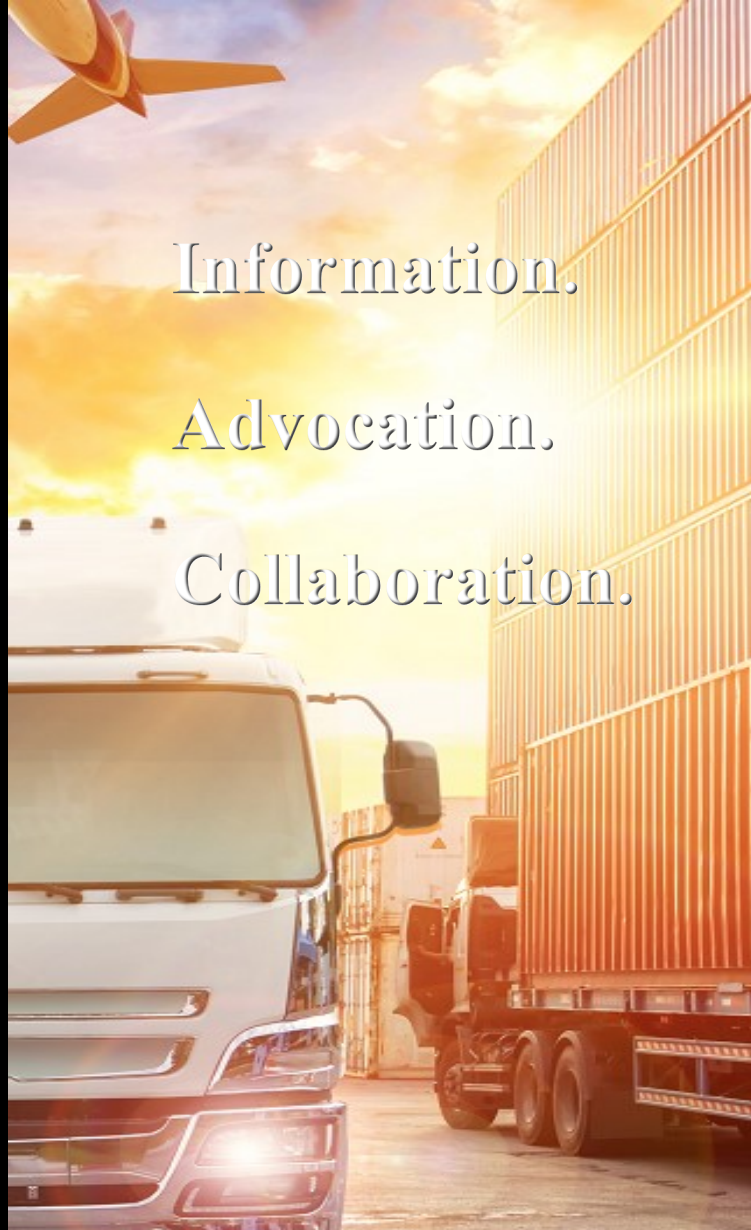

...provides a consistent and steadfast voice advocating for transportation issues at the state and federal levels.

...advocates for sufficient and sustainable transportation funding, efficient mobility for residents, visitors and commerce, and for safe and reliable infrastructure to support a dynamic economy.

...delivers timely information to its members on issues impacting the transportation industry.

...facilitates collaborative discussions and informed decision making on issues related to the mobility of people and goods.

...routinely engages with legislators, transportation providers, economic development professionals, academia, engineering firms, constructors, planners and public agency officials to support formation of cohesive long-range goals and policies relating to transportation funding, safety, security and technological advances.

Information.

Advocacy.

Collaboration.
