# CREATE

FemmTravel will host our first international Work Retreat in Guanajuato Mexico in April 2025.

Guanajuato City is a magically layered city. Cobblestone streets, underground tunnels, music and dance in the street, a labyrinth of incredible alleyways, museums, hilltops, and all of the sights and smells that a beautiful Mexican city offers. All of the humanity. All of the art. All of the colors. All of the vistas. All of the history. And all of the inspiration. All of the revival. All of the deep breaths, the tired legs, the places for reflection.

We will fill the trip with local museums, art and cooking classes, even language classes for anyone interested, as well as plenty of time and inspiration to step outside of your business and find some clarity around what you might need to take yourself to the next level.

We will be staying in multiple homes with private rooms and coming together for focused work and inspiration time, but also have plenty of room in the schedule for you to wander and explore if that is how you find inspiration. Knowing that at the end of the day, you can come back and be supported and inspired by other like-minded ladies in business.

Join us. Find your peace. Find your calm. Find your inspiration. Find your wandering spirit. Find community at home and abroad. Find the space you need away from your business to become your very best self when you return. We got you. We support you.
