By the end of the session the participants will be able to promote the delivery of pain management with an individualized balanced approach

1. Describe analgesics for treating acute pain in pediatrics
2. List ways to screen for potential substance and opioid misuse in teens
3. Review three pharmacological options for the pain of neuropathy
4. Describe the benefits of neuromodulation for neuropathy
5. Understand the history of MAT medications for addiction treatment
6. Appreciate the role of MAT medications in pain management.
7. Discuss the role of the holistic nurse in the care of the hospitalized patient with pain
8. Discuss clinical practice guidelines related to the use of nonpharmacologic pain care
9. Discuss the use of nonpharmacologic pain relief technologies
10. Demonstrate the application of one technology-based pain care intervention
11. Discuss auriculotherapy in clinical practice
12. Identify auricular anatomy.

ANNOUNCING OUR 1ST ANNUAL PROFESSIONAL POSTER COMPETITION!

We are seeking posters that describe pain management research, quality improvement or other educational poster presentations that showcase pain management nursing initiatives. Submissions by student nurses are welcome! Deadline: 5/7/2024. You will be notified of your acceptance by 5/21/2024.

Scan the QR code or follow the link to submit your abstract for consideration.
