

HFRR 2024 Reunion Recap

revised 09.28.24

The HFRR (Harper Family Reconnection Reunion) was advertised as a time for the family to reconnect as a group for the first time since covid. It was a 5-hour event in celebration of our 35th Anniversary. It was a time set-aside for us to honor our past, update family history, discuss where we go from here, and recognize one of our ancestors—John Thomas Harper's birthday—at his home cabin located inside Brookside Nature Center (the reunion location). It was not intended to be a full-blown reunion or picnic as we've had in the past—but time to come together to discuss the future. Reunion attendees agreed they want to continue our reunion tradition. However, we still have some work to do to secure a renewed planning team that includes descendants of both John Thomas and George Columbus (2nd generation Harper's); every family branch; every age bracket; and every generation, (especially areas with large concentrations of family members).

If you weren't there, the day went a little something like this...

It was an overcast day with an awesome backdrop of greenery. The Harper Cabin was on full display.

Name tags identifying which brother family members are descendants of AND what generation they are, were available for all who attended.

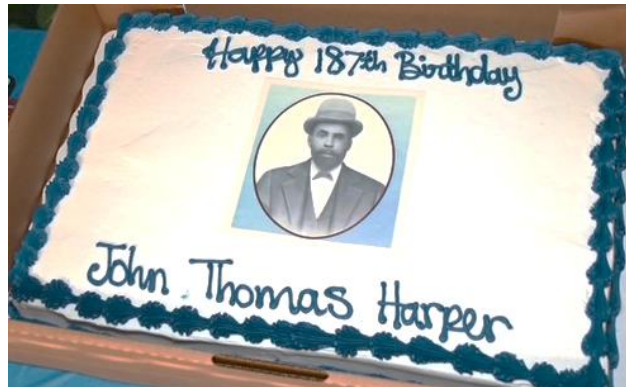

An Icebreaker in the form of a **SCAVENGER HUNT** presented a list of descriptions that fit attending family members. Those participating in **The Hunt** needed to search out family members who fit each description. The prize? Everyone who attempted or completed it learned more about their family members.

65 Harper family members and friends attended, including 6 Generations (4th, 5th, 6th, 7th, 8th and 9th).

And, birthday cake in tribute of John Thomas Harper—after we sang **Happy Birthday**.
