

Magic Eagle Miniature Dachshunds

Policies & Adoption Information

Thank you for considering a Magic Eagle Miniature Dachshund. Our goal is to raise healthy, well-socialized puppies and match them with loving, lifelong homes. Please review the following information before inquiring about one of our puppies.

Our Puppies

All Magic Eagle puppies are raised indoors as part of our family. From the day they are born, they receive daily handling, socialization, and exposure to normal household activities.

Our puppies:

- Are raised in a clean, family environment
- Begin puppy pad training before leaving for their new homes
- Are dewormed every two weeks beginning at an early age
- Receive age-appropriate vaccinations
- Receive a veterinary wellness examination at approximately 6–7 weeks of age
- Are microchipped prior to leaving for their new homes
- Leave with registration paperwork (when applicable) and health records

As puppies mature, they are allowed supervised outdoor experiences. However, we strongly recommend avoiding public places and unfamiliar dogs until your puppy has completed its vaccination series.

Puppy Pack Includes

Each puppy goes home with a starter pack that may include:

- Current food/kibble
- Blanket with familiar scents
- Toys
- Treats
- Health records
- Registration paperwork
- Additional goodies we simply couldn't resist including

Breeding Rights vs. Pet Homes

We offer both pet-only and breeding-right placements.

While we support responsible small breeders, not every puppy is intended for a breeding program. Certain puppies may be sold strictly as companions based on pedigree, conformation, temperament, or breeder discretion.

Please discuss your goals with us before placing a deposit. Pricing is based on a Limited registration unless otherwise stated.

Waiting Lists

Families who join our waiting list receive priority selection based on the order they joined and the preferences they have provided.

We do not require a deposit to join our waiting list.

Once puppies are born and growing well, deposits are typically accepted when puppies reach approximately 3–4 weeks of age. This allows us to ensure each puppy is thriving before accepting reservations.

Deposits

A non-refundable deposit of \$300 is required to reserve a puppy.

Deposits may be paid via:

- Cash
- Venmo
- Cash App
- PayPal (Friends & Family only)

Deposits are non-refundable unless a serious health issue develops that prevents placement of the puppy.

Puppy Pick-Up & Delivery

Puppies remain with us until a minimum of 8 weeks of age. Some puppies may stay until 9–10 weeks if we feel additional development time is beneficial.

All balances must be paid in full before your puppy leaves for its new home.

Adoption appointments are generally scheduled once puppies reach 6–7 weeks of age.

Because we maintain busy work and family schedules, all meetings are arranged by appointment and with consideration for all parties involved.

Health Guarantee

We strive to produce healthy puppies through responsible breeding practices and careful selection of breeding dogs.

If your dog passes away due to a documented incurable genetic or congenital condition, we will provide a replacement puppy of equal value from a future available litter.

Requirements

To qualify for a replacement puppy, the following documentation is required:

- Necropsy report from a licensed veterinarian
- Veterinary documentation confirming the condition was genetic or congenital in nature
- Documentation confirming the condition directly caused the dog's death

No monetary refunds will be issued.

Replacement puppies are provided only when one becomes available from a future litter.

Conditions Not Covered

The following conditions are specifically excluded from this guarantee:

- Injury or trauma
- Abuse or neglect
- Accidents
- Poisoning
- Improper nutrition
- Obesity-related complications
- Infectious diseases contracted after the puppy leaves our care
- Failure to seek veterinary treatment
- Conditions resulting from environmental factors
- Complications resulting from breeding
- Reactions to medications or vaccinations

IVDD and Back Issues

Intervertebral Disc Disease (IVDD) and other spinal conditions are unfortunately common within the Dachshund breed.

Because many factors contribute to IVDD—including genetics, weight management, activity level, environmental conditions, and injury, we cannot

provide a health guarantee against IVDD, spinal injuries, paralysis, or other back-related conditions.

We strongly recommend:

- Maintaining a healthy body weight
- Using ramps or stairs for furniture and beds
- Limiting repeated jumping from elevated surfaces
- Discussing breed-specific care with your veterinarian

While no breeder can guarantee against IVDD, we work hard to produce structurally sound dogs and have not experienced IVDD within our own breeding program.

Many Dachshund owners believe early spay and neuter procedures may increase the risk of orthopedic issues, including IVDD. We encourage all owners to discuss timing and options with their veterinarian and make an informed decision based on their individual dog's needs.

Our Limited registration contract requires spay or neuter at or before the age of 2 years.

Return & Rehoming Policy

We are committed to every puppy we produce for its entire lifetime.

Every puppy is microchipped before leaving our home, and we require that Magic Eagle Miniature Dachshunds remain listed as an alternate contact on the microchip registration.

If at any point you can no longer keep your dog, the dog must be returned to us.

We never want one of our dogs to:

- Enter a shelter
- Become homeless

- Be abandoned
- Be euthanized due to lack of placement

Life circumstances change, and we understand that. Our goal is simply to ensure every dog we produce remains safe and cared for.

Refunds for Returned Dogs

We do not offer refunds for returned dogs.

However, after evaluation and successful rehoming, we may choose to reimburse a portion of the purchase price, solely at our discretion.

Any reimbursement will be reduced by expenses incurred for:

- Veterinary care
- Boarding
- Behavioral training
- Grooming
- Transportation
- Rehabilitation or special care
