

WAITING LIST, PUPPY SELECTION & DEPOSIT ADDENDUM

Clear expectations from the beginning - for our puppy families and for Magic Eagle.

This addendum explains how our waiting list, puppy selection, registration, and payment process works. Our goal is to keep the process simple and transparent so families know what to expect before placing any fee or deposit.

WAITING LIST & PUPPY SELECTION

General Waiting List - No Fee. Families may join our general waiting list at no charge and will be contacted when puppies matching their preferences become available.

Priority Picking Rights - \$100. A \$100 non-refundable priority fee secures a family's place in the picking order and provides the opportunity to select before families on the general waiting list. Priority picking rights are not limited to one particular litter. If a family does not select from a litter offered to them, the priority fee may carry forward until they select and take home an available Magic Eagle puppy.

Magic Eagle generally does not reserve individual puppies until approximately **6 weeks of age**. This allows time to evaluate development, coat, color, structure, temperament, and overall suitability before selections are finalized.

Buyer Initials: _____

RESERVING A SPECIFIC PUPPY

Once a family selects a specific puppy, a **\$300 non-refundable deposit** is required to reserve that puppy. If the Buyer has already paid the \$100 Priority Picking Rights fee, that amount is credited toward the \$300 puppy deposit, leaving **\$200 due at selection**. The remaining purchase balance must be paid in full before delivery or pickup.

All waiting-list fees and puppy deposits are non-refundable for any reason. A priority fee may carry forward as described above, but is not refundable as cash.

Buyer Initials: _____

PRICING & REGISTRATION

Puppy pricing may vary by individual puppy. Cream, dapple, and piebald puppies are typically **\$3,000 with limited registration**, unless otherwise stated in writing for a particular puppy.

The standard purchase price is for a puppy sold with **limited registration**. Full registration and/or breeding rights are **not automatically included** and are discussed and considered individually. Any additional terms or pricing for full registration will be provided separately.

Buyer Initials: _____

ADDITIONAL DNA OR GENETIC TESTING

Magic Eagle will provide information regarding genetic or health testing already completed on the puppy and/or parents when applicable. Any additional DNA, genetic, color, coat, parentage, or other elective testing requested by the Buyer is performed **at the Buyer's expense**. Testing requested before the puppy leaves our care must be discussed with Magic Eagle in advance.
