

# ON-SITE NIST CERTIFICATION SERVICE FOR HEALTHCARE TEMPERATURE AND HUMIDITY DEVICES

## Introducing the On-Site NIST Temperature Recertification Program by RTLS Health Care Solutions Group.

### STAY IN REGULATORY COMPLIANCE HASSLE-FREE!

Are you tired of the cumbersome process of managing NIST certification for your hospital's temperature and humidity monitoring devices? Look no further! RTLS Health Solutions Group is here to simplify your compliance needs.

With over 15 years of experience managing temperature compliance programs for numerous IDNs across the country, we are the trusted experts in the field. Our dedicated team will coordinate and manage all your NIST certificate expiration dates for Temperature, Humidity, Cryo, and VFC, ensuring that you are always in regulatory compliance.

### SAVE TIME AND MONEY!

Gone are the days of sending your temperature monitoring devices to a third-party service provider for NIST certification. Our On-Site NIST Temperature Recertification Program eliminates the need for outsourcing and offers you a hassle-free solution. When you choose RTLS Health Solutions Group, you save money and get a streamlined program that guarantees compliance.

### INDUSTRY-LEADING CALIBRATION EQUIPMENT

Our highly skilled technicians use the best Fluke calibration equipment, certified accurate from ISO 17025 labs. By employing this state-of-the-art technology, we issue NIST traceable certificates that meet the highest industry standards. Rest assured that your devices will receive the utmost precision and accuracy in recertification.

### SIMPLIFIED PROCESS WITH UNPARALLELED CONVENIENCE

Say goodbye to the headache of managing hundreds of NIST certificate expiration dates, coordinating third-party certification services, ordering replacement monitoring devices, and organizing device swaps. With RTLS Health Solutions Group, we take care of everything for you.

### HERE'S HOW IT WORKS:

1. We tag your current expiration list and create a schedule for multiple on-site visits throughout the year.
2. Our technicians use industry standard best practices and measurement devices to re-certify your devices, issue renewed NIST Certificates, and load them into your temperature management software for safekeeping.
3. We provide you with a convenient PDF file of the renewed NIST Certificates.
4. Quarterly, we meet with you to review the devices renewed in the previous quarter and discuss the number of devices to be recertified in the coming quarter by location.

### ENJOY COST SAVINGS AND PEACE OF MIND

By utilizing the RTLS Healthcare Solutions Group On-Site NIST Temperature/Humidity Program, our customers typically cut their costs by 50%. We understand the importance of budget-conscious decisions, and our program ensures maximum savings without compromising quality.

Don't let NIST certification become a burden. Let RTLS Health Solutions Group handle your compliance needs efficiently and professionally, giving you the peace of mind to focus on delivering exceptional healthcare services.

Contact us today and discover how our On-Site NIST Temperature Recertification Program can revolutionize your compliance process. Stay ahead of regulations and experience a hassle-free certification journey with RTLS Health Solutions Group!
