HEALING THERAPIES

HEAD & SHOULDER Acupressure

60 MINS
RM198

Headaches and shoulder tension often go hand-in-hand, creating a misery sandwich that can dampen your day. Our Head & Shoulder Acupressure is a gentle, drug-free technique which uses targeted finger pressure on specific points to stimulate energy flow and alleviate pain.

Ayurveda HEAD ACUPRESSURE

Ayurveda head acupressure is an ancient Indian healing technique that uses gentle pressure on specific points on the head to promote relaxation, relieve headaches, and improve overall well-being. It is based on the belief that these points are connected to energy channels (marmas) in the body that can become blocked or imbalanced, leading to various health problems.

FACIAL for STRESS RELEASE

60 MINS
RM138

Our facial offers a multitude of benefits, including tension relief in facial muscles, improved circulation, and lymphatic drainage to reduce puffiness. The massage induces relaxation, releasing endorphins that enhance mood and reduce anxiety. Additionally, it promotes skin rejuvenation, firming and toning the skin while diminishing fine lines. The comforting touch can relieve headaches and improve sleep quality.
